ARTICLE IX. AMENDMENTS TO CHARTER—PROCESS AND HISTORY	32
X. APPENDICES	33

ARTICLE I. NAME

The name of this Council shall be the University of Utah College of Nursing Council (hereafter referred to as College Council) and is established as a part of University shared governance in accord with University Policies [6-003](#)—College Councils, and University Curriculum Policy Review Board Rev. 6; [6-001](#)—Academic Units and Academic Governance - Roles of Faculties, Committees, Councils, and Academic Senate; and [6-500](#)—Curriculum Management and Administration. Revision 0.

ARTICLE II. PURPOSE

The purposes of the College Council shall be to:

- a. Provide a regular and systematic means for faculty to engage and participate in the work of the College.
- b. Actively and effectively share in the governance and policy making of the College.
- c. Provide a means for communication.
- d. Respond to staff and student issues and interests.

The College Council shall be consistent with all University of Utah policies as contained in the Regulations Library (regulations.utah.edu). The College Council shall formulate policies and exercise primary authority to make decisions relating to College affairs to the extent authorized by [Policy 6-001-III-C-1 \(a & b\)](#) Academic Units and Academic Governance – Roles of Faculties, Committees, Councils, and Academic Senate and [Policy 6-003](#) College Councils, and University Curriculum Policy Review Board Rev. 6.

All actions taken by the College Council shall be reviewable by the Executive Committee of the Academic Senate in accordance with criteria approved by the Senate, and shall be subject to the power of the Academic Senate to establish uniform policies and take final action on all matters of university concern as outlined in Policies [6-003](#) and [6-001-III-C-1 \(a & b\)](#).

The principle of “shared governance” is identified in the Academic Policies of the University of Utah Regulations Library (see Appendix A). According to the National Education Association, “Shared governance is critical to the culture and vitality of higher education.” Further information on governance issues and materials can be found in Appendix A of this Charter document.

The National Educational Association states:

“Faculty members in higher education should have primary responsibility to:

- a. Determine the curriculum, subject matter, methods of instruction, and other academic standards and processes.
- b. Establish the requirements for earning degrees and certificates and authorize the administration and governing board to grant same.
- c. Exercise, where the faculty deems it appropriate, primary responsibility for determining the status of colleagues, especially appointment, reappointment, and tenure.
- d. Establish procedures for awarding promotions, sabbaticals, research support, and other rewards or perquisites.”¹

The functions of the College Council shall be to:

- a. Act upon policies and recommendations on matters referred by the College Council Executive Committee, and Standing Committees of the College, and work with Administrative Committees of the College in the spirit of shared governance.

- b. Approve the College mission, vision, and values and all relevant curriculum matters that relate to standing committees. Provide for discussions and take appropriate actions (within the scope of authority) on any matter of concern to the membership of the College Council.
- c. Manage the elections of representatives from the College of Nursing faculty to the University of Utah Academic Senate. The numbers of Tenure-line and Career-line positions, and the eligibility criteria for Senate members, and the eligible faculty member voters for each position are set directly by the University's Academic Senate and Senate Committees: Structure, Functions, Procedures [Policy 6-002](#). In addition to those eligibility criteria, it is a recommendation of the Council, but not a requirement, that candidates for election hold the rank of Assistant Professor or above and have been voting members of the College Council for at least 2 academic years.
- d. Elect at-large members of the College Council Executive Committee (for details see Article III, and Article IV).
- e. Direct the College Council Executive Committee to appoint special committees, task forces or workgroups to study problems of concern to the College and define the tasks of these committees.
- f. Serve as a forum at which information of general interest pertaining to the University of Utah College of Nursing is disseminated.
- g. Maintain continuous liaison with the Dean and Academic Leadership Team (ALT) so as to communicate on matters that are deemed important to the overall operation of the College.
- h. Follow the rules outlined in Robert's Rules of Order Newly Revised (hereafter referred to as Robert's Rules of Order, robertsrules.com) for parliamentary procedure not specifically stated within this document, or within the University Regulations Library (regulations.utah.edu). See [Policy 1-002](#)---Parliamentary Rules.

ARTICLE III. MEMBERSHIP OF THE COLLEGE COUNCIL

I. Membership and Voting:

- A. Faculty members: In accord with University [Policy 6-003](#) the College has chosen to have a plenary (rather than representative) structure for the faculty membership, such that the voting faculty members of the College Council shall be all Tenure-line, and all full time Career-line (0.75 or greater) faculty (all 0.74 or less FTE Career-line faculty are non-voting). As defined in [Policy 6-300](#) University Faculty – Categories and Ranks, *Tenure-line* includes Tenured and Tenure-track faculty, and *Career-line* includes Lecturer, Clinical and Research faculty. All College of Nursing Tenure-line and Career-line faculty are expected to participate in the College Council by attending the College Council meetings.
- B. Student members: (1) undergraduate student and (1) graduate student in Nursing or Gerontology shall be elected, during the last meeting of the academic year, by the College of Nursing Student Council (CSC), for a 1-year term as non-voting members of the Council and of the Council Executive Committee.
- C. Administration: The Dean shall serve on the College Council as an ex-officio (voting) member.
- D. Staff: (2) Staff who are the Chair (or Co-Chair) of the Staff Representative Council – Staff (SRC-Staff) serve as a voting member during the term of service in the SRC-Staff Chair and Co-Chair position. (See Article VII regarding Staff Leadership Team (SLT) and SRC-Staff). All College of Nursing staff members are encouraged to participate in the College Council by attending the College Council meetings (non-voting).
- E. The College Council meetings are organized and led by the College Council Chair, and Chair-Elect (see election process and duties below), and the Staff Support person of the College Council Executive Committee.

- F. Robert's Rules of Order shall be the authority for parliamentary procedure for membership and voting for the College Council.

Multi-step Voting Process for College Council University [Policy 6-300](#) provides:

“While faculty members in the Career-line category shall have appropriate roles in shared governance ... it is a fundamental principle of the University's commitment to shared governance that Tenure-line faculty members shall have the primary roles in shared governance activities, including setting of academic policies within departments and colleges through majority voting roles on college councils ([Policy 6-003](#)) and department and college academic committees, and University-wide through majority voting roles on the Academic Senate and Senate committees ([Policy 6-002](#)), the Graduate and Undergraduate Councils ([Policy 6-001](#)), and other appropriate University academic committees.”

In accord with that Policy and principles, the College Council uses a multi-step voting process, which includes a requirement that all College Council decisions needing a vote from the plenary body will need the majority of Tenure-line faculty to pass any vote and to approve the motion or proposal at the College Council meetings.

This multi-step process accounts for (i) the circumstance that the College has far more Career-line than Tenure-line faculty members (currently an approximate 2-to-1 ratio), and (ii) that the College benefits greatly from involvement of Career-line faculty in shared-governance along with Tenure-line. The process is intended to facilitate opportunities for an open exchange of concerns or issues from all faculty in a College Council setting prior to any final vote, and assure a deliberative and collegial process for all faculty in College Council matters that require a formal vote.

Multi-step Voting Process:

- a. The Council Chair calls (viva voce or ballot) for an initial non-binding poll to determine the extent of support for a question/motion/proposal from all eligible faculty.
- b. The Chair can then determine by voice or by ballot the extent of support for the question/motion/proposal from both Tenure-line and Career-line faculty.
- c. If the results of the poll are determined to be a majority of all faculty (Tenure-line and Career-line) in the affirmative, a final vote of all faculty (putting the question) is called for following Robert's Rules of Order.
- d. If the Chair determines that the polling indicates that there is no consensus among the faculty across Tenure-line and Career-line faculty (e.g., majority of Tenure-line voting contrary to the Career-line faculty) then a dialogue and discussion of the issues in the College Council meeting will commence.
- e. The Chair (in consultation with the College Council Executive Committee members) will then decide on time limits and format to allow appropriate dialogue discussion.
- f. When discussion and debate has apparently ceased, the Chair calls for a formal vote from all faculty following Robert's Rules of Order.
- g. All questions/motions/proposals must pass with the majority of Tenure-line faculty in support (in the affirmative per University Policy [6-300-III-B](#)).

II. Leadership of the College Council (and Executive Committee):

The Council's officers consist of the College Council Chair, and the Chair-Elect. They are voting-eligible faculty members of the Council elected to serve terms simultaneously as leadership of the Council, and as members and leadership of the Council's Executive Committee, elected to these dual roles by the other members of that Committee (with eligibility, terms of service, and election process as described in Article IV below).

A. Council Chair.

1. The Council Chair will convene and preside at all College Council meetings, with full rights as a voting member (and serves as voting member and Chair of the Executive Committee).
2. The Council Chair is a leadership position representing all the faculty in the College of Nursing at the College Council meetings and may serve as a representative of the College Council on selected administrative committees in the College.
3. Serve as a liaison (and represent the College Council) as an ex-officio member with voting privileges, on both the Academic Leadership Team (ALT), and Academic Program Team (APT). In the spirit of shared governance, the Council Chair is assigned as liaison (at-large) to ALT, to facilitate communication and representation for the faculty of the College. The Council Chair shall be an ex-officio (voting) member of ALT.
4. The Council Chair does not serve as a faculty advocate or as ombudsman for any individual faculty member or small group in the College of Nursing (e.g. negotiating for workload and FTE distribution, and/or reappointment, retention, promotion, and tenure matters).

B. Council Chair-Elect.

1. A faculty member of the Council with full voting rights, who in the absence of the Council Chair, convenes and presides at all College Council meetings. Is a voting member of the Council Executive Committee, and in the absence of the chair presides over Executive Committee meetings. In the absence of the Chair attends ALT meetings, and APT (as voting member) (as needed).
2. Serve as a non-voting ex-officio member of committees if designated by the Council Chair.

C. Staff Support (administrative staff designated by the Dean to support the Council, and the Council Executive Committee).

1. Receive, compile, and distribute the College Council meeting agenda.
2. Take minutes of all measures formally enacted at the College Council meetings and distribute these minutes to all respective members.
3. File the original minutes in the designated public electronic archives.
4. Receive, compile and archive the annual reports of the College standing committees approximately 2-weeks after the June meeting of the College Council.
5. Notify faculty of vacancies in the College standing committees prior to the annual elections and compile the College standing committee roster for distribution on an annual basis through an email notification to faculty and staff and at the January meeting of the College Council.

- C. The Council Chair may call a *special meeting* of the College Council upon the request of the Executive Committee or upon the request of a majority of the voting faculty members (Tenure-line and Career-line) of the College Council.

IV. Quorum:

- A. Two-thirds of the voting faculty membership (all Tenure-line, and full time Career-line [0.75 or greater]) excluding Career-line faculty with full time (0.75 FTE or greater) practice appointments (because their responsibilities frequently preclude attendance), shall constitute a quorum, which is necessary for voting to take place in a meeting of the College Council. Proviso: See Article III, multi-step voting process, regarding the role of Tenure-line faculty voting requirement.

V. Special Meeting of College Faculty:

- A. If needed, a simple majority of the College Council, or the Council Chair, may call a special College-wide faculty meeting. Notice regarding such a special meeting must be provided to each Tenure-line and Career-line faculty member at least 5-working days prior to the date of the meeting.

The Dean's office and the Staff Support person will oversee the execution of the two elections and counting of ballots.
- F. The results of the election will be announced through email in March and at the next College Council meeting following the election results.

IV. Leadership of the Executive Committee (and Council):

- A. The officers of the Executive Committee are the Council Chair and Council Chair-Elect, who simultaneously serve as the officers of the Council and voting members and officers of the Executive Committee (elected as described above). This function is delegated to a subcommittee-- the Committee on Nominations, Appointments, and Committee Structure (CNACS). CNACS members include a minimum of (5) faculty and the Division Chairs (or their designee). CNACS members are selected by the Executive Committee Chair to serve a two-year term. The Executive Committee Chair-Elect serves as the liaison from the Committee to the Executive Committee. The Staff Support person for the Council will support the CNACS.

Eligible faculty are elected, volunteer or are appointed by the CNACS. Selections are made based on College need, faculty expertise or development plans, eligibility, and considering factors such as percent FTE, faculty expertise and interest, and intensity of work required during service. The primary goal is to provide fair and equal distribution of committee work among faculty eligible for committee membership.

Faculty wanting to be considered for a particular committee should complete the annual survey and discuss their interest with their Division Chair, who will report this interest to the CNACS. The CNACS will report faculty committee appointments to the Executive Committee and the College Council in a reasonable time prior to the end of Spring semester each year.

If a vacancy occurs on any Committee whose membership is nominated or elected by the faculty at large, an election will be held and the faculty will vote. The replacement member shall complete the term without forfeiting eligibility for election or appointment to a succeeding term. Committees will make every effort to stagger terms in order to provide opportunity for succession planning.

- B. Additional subcommittees of the Executive Committee.

The Executive Committee may designate additional subcommittees as needed.

ARTICLE V. COLLEGE STANDING AND SPECIAL COMMITTEES

I. Governance within the College:

- A. Faculty actively participate in shared governance and are expected to contribute to the committee work of the College. Full participation of faculty in committee work is rooted in the principle of shared governance.

- B. All Tenure-line and full time Career-line (0.75 or greater) faculty are expected to serve on at least (1) College standing committee.

II. Committees Structure:

These College standing committees and special committees are established as needed to carry out the functions of faculty governance effectively.
- b. Special college committees may be created by the Council Chair alone or by the Executive Committee as a whole. When formed by the Council Chair, the special college committee shall be designated a college *task force*; when formed by the Executive Committee, the special committee shall be designated a college *ad hoc* committee.

2. Appointments are made based on College need, faculty expertise or development plans, and eligibility, and after factors such as percent FTE, faculty expertise and interest, and intensity of work required during service are considered by the Division Chairs. The primary goal is to provide fair and equal distribution of committee work among faculty eligible for committee membership.
3. Faculty who wish to be considered for a particular committee are encouraged to contact their Division Chair who will report to the Executive Committee. The Executive Committee will report faculty committee elections or appointments to the Committee Chairs in a reasonable amount of time prior to the end of February.

B. **Faculty Membership:**

1. Except for the Review and Advancement Oversight Committee (RAO), Tenure-line and full time Career-line faculty are eligible for full voting membership on college committees, consistent with the requirements of University Policies 6-300 and 6-001-III-C-1 a & b)).

3. "Administrative faculty," except for the Dean may have voting privileges in their capacity as faculty members on committees unless otherwise specified by this Charter or University Regulations, or determined otherwise by vote of the committee. For the purposes of this Charter, "administrative faculty" includes any faculty member with at least 20% workload assigned to administrative responsibilities, including Specialty Track Directors, Assistant Deans, Associate Deans, Division Chairs, Executive Directors, and the Dean.
4. As appropriate, other faculty are included as members consistent with University Regulations and this Charter.

(2) consecutive terms on any one committee, unless otherwise indicated in select committees noted in this Charter.

- D. Student Participation:** When students are needed for College Faculty committees (other than RAO and College Council and College Council Executive Committee) they will be selected in accordance with the Student Selection Process for College of Nursing Committee Service (see Appendix B) as approved by the College Council and as specified by College policy and consistent with University Regulations.

Students may vote on policy and/or curricular issues; however, depending on the specific committee, certain restrictions for students may be imposed concerning the types of issues on which students may vote. Under no circumstances may they participate or vote on confidential issues regarding other students or potential students (e.g., admissions, readmissions, scholarly integrity, etc.), except as stipulated when serving on the Academic Misconduct and Appeals Committee (Policy 6-400).

An individual may ordinarily chair only one standing committee at a time, if serving on two (or more) committees. The Council Chair is not excluded from chairing a standing committee. An exception may occur if the individual is appointed to a specific position as the designated Chair.

The *Chair and Chair-Elect (if applicable)* of standing committees shall:

- a. Prepare agendas and convene meetings.

 - f. Present recommendations and reports of the committee to the Executive Committee at regularly scheduled meetings.
 - g. Submit to the Executive Committee Staff Support person an electronic copy of any reports or other materials to be distributed at College Council meetings; copies are to be submitted no less than 7-work days prior to the College Council meeting at which the materials will be discussed.
 - h. Notify the Council Chair of any request to be on the agenda of the College Council; committee reports will not be automatically scheduled unless the committee has a specific report or matter to bring before the College Council.
 - i. Prepare a written annual report; this report is maintained in the permanent records of the College and must include either justification for the continuation of the committee or recommend its disbandment. Each committee chair shall submit a written annual report 2-weeks prior to the College Council meeting in June for distribution to all faculty in preparation for discussion at the June meeting of the College Council.
- F. Advisors and Staff Support:** In general, advisory members (e.g., legal representative from Office of General Counsel) are to act as advisors to committees. They are non-voting members unless representing specific groups and committees elected to give them voting privileges. Staff support from the College staff are non-voting members of committees.

ARTICLE VI. COLLEGE FACULTY COMMITTEES

1. Faculty Appointment, Review, and Advancement Committees (FARAC):

- A. Function:** The (4) Subcommittees of the FARAC (listed below in B.) support the Faculty Appointment, Review, and Advancement (FARA) process and are defined by University Regulations to provide for the review of all faculty of all categories for all new appointments; review of Tenure-line faculty for retention, promotion-in-rank, tenure, and post-tenure/ tenured-faculty-reviews; review of Career-line faculty for reappointment, and promotion-in-rank (advancement to higher rank); and review of Tenure-line or Career-line faculty for appointment to emeritus/emerita status. Voting eligibility is determined in accordance with University Regulations. (See Appendix C for relevant links.) The Student RPT Advisory Committee (RPT-SAC; as described in University [Policy 6-303](#)), although not a subcommittee, has an important role in reviews of faculty members, and so its membership and functions are also described in this section.

- B.** The appropriate FARAC subcommittee carries out these functions:

For Tenure-line faculty -- specifies and carries out the process of formal and informal review of Tenure-line faculty for retention, promotion/ advancement, and tenure (RPT); and completes the process of post-tenured faculty reviews (TFR).

For Career-line faculty -- oversees the process of reviews of Career-line faculty, including reviews for reappointment, and reappointment with promotion/ advancement at a higher rank.

For Tenure-line and Career-line faculty -- in collaboration with the faculty as a whole, develops and implements advancement and reappointment review criteria. For retired Tenure-line and Career-line faculty -- oversees the process for appointments to emeritus/emerita status (criteria and procedure can be found in FARA documentation in the College intranet).

Makes recommendations to the Dean and ALT regarding sabbatical leave requests.

- C. FARAC Subcommittee Structure:** The following subcommittees are constituted as part of FARAC: Retention and Advancement Oversight (RAO), Tenure Line Faculty Review and Advancement (TL-FRA), Clinical Line Faculty Review and Advancement (CL-FRA), and Appointments Advisory Committee.

2. Retention and Advancement Oversight (RAO) Committee

- A. Function:** Monitors the review process, oversees revising of the Tenure-line and Career-line advancement criteria and procedures documents and provides suggested revisions. Using collaborative decision-making, develops with faculty and administration the retention and promotion/ advancement (RPT and TFR) criteria and procedures documents for Tenure-line, and the reappointment and promotion/ advancement criteria and procedures document for Career-line faculty.

The Chair of the RAO Committee oversees retention, advancement, and tenure review activities in the College and serves as primary liaison to Career-line Reappointment Review Teams.

- B. Committee Composition:** The Committee is comprised of nine voting faculty members elected from the Tenured (5 faculty) and Career-line (4-8 faculty) faculty.

Tenured faculty members (and Chair). The five Tenured faculty members on the RAO committee are elected by the Tenure-line faculty of the College. Four (4) faculty serve 2-year terms, which are staggered. The fifth member is elected to a total combined term of three years - first as member and Chair-Elect (1-year), then as member and presumptively (if confirmed) Chair (1-year), and then finally as member and presumptively (if confirmed) as Past-Chair (1-year).

As more fully described in and directly governed by the College’s approved Tenure-line RPT Statement (pursuant to [Policy 6-303](#)), and described here for convenience, the election of the RAO Chair proceeds as follows: In keeping with the [Policy 6-303](#) requirement that the chairperson of a departmental RPT advisory committee (one role this position fulfills for the College) be “elected annually,” the Tenure-line faculty will vote on whether to confirm this member serving as Chair for the second year of the three-year overall membership term, and the following year will vote again on whether to confirm the member serving as Chair Elect for the third year of the overall membership term. If for either year the annual voting does not confirm the member to serve as Chair, then the member will remain a member of RAO but not as Chair, and another Tenured faculty member (preferably but not necessarily already a RAO member for that year) will be nominated and elected by the Tenure-line faculty to serve as member and Chair for that year.

Career-line faculty. The 4-8 Career-line faculty members shall have the rank of Associate or full Professor and have been on the faculty for at least 5-years in a full-time (.75 FTE or greater) capacity and be elected by the voting Career-line faculty of the College. Career-line faculty shall represent each Division in the College. Faculty serve 2-year terms, which are staggered except for the committee member elected to a total combined term of three years - first as member and Chair-Elect of the CL-FRA Committee (1-year), then as member and presumptively (if confirmed) Chair of the CL-FRA Committee (1-year), and then finally as member and presumptively (if confirmed) as Past-Chair of the CL-FRA Committee (1-year). The Career-line faculty members will also coordinate with the Chair of RAO and Division Chairs to organize (as needed) Career-line Reappointment Review Teams (see C. CL-FRA b. Subcommittee).

- Chair: The Chair of RAO Committee reports to the Executive Committee. Note that there are multiple roles - during each year serving (i) as Chair of this RAO Committee, the person also serves (ii) as liaison to the Career-line Faculty Review and Reappointment (CL-FRA) Committee, and (iii) as described further below ordinarily also serves simultaneously as Chair of the Tenure-line Faculty Review and Advancement (TL-FRA) Committee (see b. Committee Composition for the election process).
- Chair-Elect: Chair-Elect will assist the Chair with any of the Chair’s responsibilities, as needed.

In particular, it fulfills the role of what University Policy refers to as a “*department Student RPT Advisory Committee (RPT-SAC)*” as required by [Policy 6-303](#) to provide student input in reviews of Tenure-line faculty, as more fully described in and governed by the College RPT Statement.

The RPT-SAC serves independently of and in parallel with the RAO Committee. The Faculty Affairs Manager is the liaison between the RAO Committee and RPT-SAC and coordinates student members’ annual orientation to the process and expectations for faculty reviews.

The students serve on an ad hoc basis, separate from the RAO Committee proper, according to College and University policy and as coordinated by the RAO Committee Chair and/or the Faculty Affairs Manager.

1. Minutes and Reports: The student RPT-SAC Chair assigns a committee member in attendance to take minutes.

2. Note that this description in this Charter may be updated to conform to the current description in the governing approved RPT Statement, by approval of the Dean and Council Chair, without a formally approved amendment of the overall Charter).

In some instances, faculty not eligible to vote may be invited to participate in pre-voting deliberations.

- Chair: As more fully explained in the College RPT Statement, the tenured faculty member serving in a particular year as the elected Chair of the Review and Advancement Oversight (RAO) Committee (initially elected and annually confirmed as described above—see RAO Composition), will ordinarily also serve during the same year as the Chair of the TL-FRA.
