Policy 6-101: Undergraduate Study and Degrees

I. Purpose and Scope
(Reserved)

II. Definitions
Catalog Year means the set of requirements in place at the beginning of fall semester and running through the end of the following summer semester.

III. Policy: Undergraduate Study and Degrees

A. (Reserved)

B. University College

1. University College is an administrative unit for entering and continuing undergraduate students with responsibility for increasing student retention and timely admission to the major by assisting new students in making a successful transition to the University and assisting continuing students in building solid foundations for academic success. Specific activities that contribute to student retention and academic success are advising students in understanding and completing general education requirements and prerequisite course work for advancement to the major; assisting undecided and exploring students in
researching fields of study and in selecting a major commensurate with their abilities and interests; advising students in academic difficulty; providing administrative functions of a college until the student is admitted to a major; and monitoring students' academic progress toward admission to the major. University College also has those responsibilities which are more fully described in Policy 6–100–III (and referenced in Policy 6–404–III–F), including responsibilities regarding any undergraduate student subject to academic probation, suspension or dismissal on grounds of academic non-performance (6–100–III–K), and any undergraduate student seeking academic renewal (6–100–III–M).

2. All new undergraduate students admitted to the University will be enrolled in University College until they are accepted into a specific degree granting department or college of the University.

3. University College has no dean or faculty and does not offer any degrees. It will be the college of record for students prior to their admission to a degree-granting program. Once the student is admitted to the major, the student will be enrolled in that department or college.

4. University College students are expected to be admitted to a major by the time they complete their sophomore year or their first year at the University whichever comes later. A hold shall be placed on the registration of students who are still enrolled in the University College after these time lines. A registration hold imposed for this reason may be removed by an academic advisor in the University College after meeting with the student assessing
his or her academic progress.

5. University College will be administered by the Associate Vice President for Academic Affairs and Undergraduate Studies. A report on the state of University College will be submitted annually to the Undergraduate Council and the Academic Senate.

6. University College collaborates with advisors, faculty, advising coordinators, assistant deans, associate deans, and directors from across the campus to address the state of advising and the impact advising has on the undergraduate experience.

C. Awarding of Diplomas and Degrees

Undergraduate certificates, diplomas and degrees may be earned and awarded at the conclusion of each semester, and regular commencement exercises may be held at the end of each semester. However, the regular annual commencement exercises shall occur at the conclusion of the spring semester.

D. Semester Credit Hours & Residency Requirements

To receive a baccalaureate degree from the University of Utah, a student must complete at least 122 semester credit hours and any additional hours required by a department or college. Of these hours, at least 40 credit hours must be upper division work (students pursuing a Bachelor of University Studies Degree must complete at least 56), and at least 30 semester credit hours must be earned from the University of Utah, regardless of the number of semester credit hours transferred or earned elsewhere. In addition, at least 20 of the last 30 semester credit hours earned toward the
degree must be earned from the University of Utah. Additional credit hours or residency requirements may be established by a department or college, with the approval of the appropriate college council. Any requirements greater than 130 hours or any change to residency requirements will require approval of the Academic Senate.

E. Scholastic Average Required

Each candidate for a baccalaureate degree must maintain a cumulative grade point average of 2.0 or above for the total number of semester credit hours earned at the University of Utah. Accepted transfer work shall not be considered in computing the cumulative grade point average.

A cumulative grade point average of 2.0 will constitute the university minimum standard for all course work required by the student's major department. A department or college, with the approval of the appropriate college council and the Undergraduate Council, may establish higher minimum grade criteria or other measures of aptitude or achievement to be used as relevant criteria for admission, retention or graduation in that department or college. The higher criteria must be reported to the Academic Senate.

F. Catalog Rights

Each candidate for a baccalaureate degree may elect to satisfy the set of requirements for Majors, minors and certificate programs in effect at the time of declaration or any more recent set of requirements. However, in no case may a student select a set of requirements that was in effect more than 4 years prior to the catalog year in effect at the time of graduation.
Colleges and departments can make changes to majors, minors, and certificates once a year. Such changes must be communicated to the Office of Curriculum Administration in the manner and by the date established by the University Curriculum Policy Review Board (See Policy 6-003-III, Section 2.B.3). Such changes will take effect the following fall semester, which is the start of the new catalog year.

G. General Education and Baccalaureate Degree Requirements for Graduation

General Education Requirements. All students shall meet general education requirements as required by state law, approved by the Academic Senate and administered by the Undergraduate Council. Current lists of the requirements, approved courses for meeting them, criteria for course selection, and Undergraduate Council members are available through the Office of Undergraduate Studies. Utah System of Higher Education Policies and Procedures No. R470-3, General Education Policy, discusses state policies regarding general education.

Transfer students who have completed courses in the college of their previous registration that are deemed equivalent, by either statewide or institutional articulation agreements, to courses in the general education program of the University of Utah will have those courses applied to the requirements. Transfer students who enter the university from an institution in the Utah System of Higher Education will have completed the general education program of the University of Utah if they have completed the general education program of the college of their previous registration, as evidenced by proper

Baccalaureate Degree Requirements. All students graduating from the University of Utah shall meet the Baccalaureate Degree Requirements as approved by the Academic Senate and administered by the Undergraduate Council. Current lists of the requirements, approved courses for meeting them, criteria for course selection, and Undergraduate Council members are available through the Office of Undergraduate Studies.

H. Majors and Minors

1. Majors and Minors

Majors and minors shall be designated as follows: department majors, interdisciplinary majors, teaching majors, composite teaching majors, department minors, interdisciplinary minors, and teaching minors. Upon selecting a major and/or minor students must contact the appropriate departments for official declaration.

A department major or teaching major is a course of study within a department or in a subject totaling not fewer than 30 semester credit hours. A teaching major is designed to prepare students to teach this subject at the secondary school level. The requirements shall rest with the department concerned. Minimum grade requirements are governed by Part III–E of this Policy.
An interdisciplinary major or interdepartmental composite teaching major is a course of study within one or more departments and may be offered either (1) when the major department offers regularly fewer than 30 semester credit hours, or (2) when such a combination of courses is desirable. The requirements shall rest with the departments concerned. Minimum grade requirements are governed by Part III–E of this Policy.

A department minor may be offered by a department with enough undergraduate courses in its curriculum from which to structure a list of courses totaling not less than 16 semester credit hours, including a minimum of 6 upper division semester credit hours.

An interdisciplinary minor of not less than 16 semester credit hours, including a minimum of 6 upper division semester credit hours, may be offered by two or more cooperating departments. If the cooperating departments all belong to the same college, that college shall be responsible for the organization and administration of the interdisciplinary minor. If the cooperating departments belong to two or more colleges, the Academic Senate shall be responsible for approving a plan for the organization and administration of the interdisciplinary minor.

A teaching minor is a course of study within a department or in a subject designed to prepare students to teach this subject at the secondary school level. This minor shall comprise not
less than 18 semester credit hours. The requirements shall rest with the department concerned. In order to be awarded a teaching minor, a student must be awarded a teaching major at the same time. Teaching majors, composite teaching majors, and teaching minors are governed by the University Council on Teacher Education, in conjunction with the Academic Senate (See Policy 6–105–III).

Any student seeking a baccalaureate degree may take one or more structured minors. A department minor must be outside a student's major department. An interdisciplinary minor may include a student's major department. Completion of a minor shall not be a requirement for graduation. A minor is an attribute of an undergraduate degree, not an entity by itself; therefore it can only be received at the same time a student graduates with a major.

Departments shall specify the requirements of all their majors and minors in the department section of the printed and online catalogs, and in the Degree Audit Reporting System (DARS). The requirements a student completes are governed by the catalog rights policy as outlined in Part III–F of this Policy.

2. Department and College Admission Criteria.

[Note to users: As of 2013 this subsection H–2 (which formerly appeared in Policy 6–404–Sec.6 Rev. 15–Undergraduate Admissions and has been moved here to 6–101) is under review for substantial revision. Contact the
Admission to the University as a freshman student, or as a student with advanced standing, is not to be construed as assuring acceptance into a specific department or college of the University. Departments or colleges may establish special major admission criteria which differ from the existing general requirements for admission and/or maintenance of good standing for the University at large. When such criteria apply to an entering freshman, the criteria may consist of measures of aptitude or achievement other than high school grades. In cases where an entering freshman student is excluded from a major from a particular department or college because of his/her inability to meet such criteria, provisions must be made by the department or college concerned to ensure the student a subsequent opportunity to meet the criteria.

Standards for admission as a major in a department or college for a student with advanced standing may include university grade point achievement, in addition to other performance or aptitude measures. A department or college may require completion of a specified number of student credit hours as one of the criteria for admission as a major. All such criteria must be approved in advance by the appropriate college council and the Academic Senate. In the absence of such approved special criteria, admission to the University at large shall constitute automatic admission as a major into any undergraduate program of study. All special criteria for admission as a major in any department or college shall be
published in the General Catalog and in any departmental brochures distributed for student information. The University reserves the right to change at any time the requirements for admission. Unless otherwise provided the effective date of new admission requirements shall be determined by the President.

I. Application for Graduation

Each candidate for a baccalaureate degree should consult a departmental advisor regarding the graduation application process and deadline dates. The Registrar's Office is responsible for establishing graduation application requirements and deadlines. Filing an application for graduation by the deadline is required to ensure that a detailed analysis of each candidate's transcript can be completed in time for graduation.

J. Special Examinations

1. A maximum of 32 semester credit hours in areas other than foreign languages and in addition a maximum of 25 credit hours in foreign languages may be allowed by special examination toward a bachelor's degree to a resident student, provided the student has shown proficiency in the subject to the satisfaction of the Credits and Admissions Committee and the appropriate dean or chairperson of the department concerned.

2. Special examinations for college credit shall not be given in courses not offered by the University or in courses which the student has attended as an auditor or for which credit has been
K. Comprehensive Examinations

At the discretion of the department, each candidate for graduation with a baccalaureate degree may be required to pass a comprehensive examination (written, oral, or both) in the candidate's field of concentration. This examination shall not excuse the candidate from any regular examination.

Note: Parts IV–VII of this Regulation (and all other University Regulations) are Regulations Resource Information - the contents of which are not approved by the Academic Senate or Board of Trustees, and are to be updated from time to time as determined appropriate by the cognizant Policy Officer and the Institutional Policy Committee, as per Policy 1–001 and Rule 1–001.

IV. Rules, Procedures, Guidelines, Forms and other related resources

VI. Contacts:

A. Policy Owners (primary contact person for questions and advice): Sr. Associate Vice President for Undergraduate Studies, 801–581–3811

B. Policy Officers: Sr. Vice President for Academic Affairs and Sr. Vice President for Health Sciences

These officials are designated by the University President or delegee, with assistance of the Institutional Policy Committee, to have the following roles and authority, as provided in University Rule 1–001:

"A 'Policy Officer' will be assigned by the President for each University Policy, and will typically be someone at the executive level of the University (i.e., the President and his/her Cabinet Officers). The assigned Policy Officer is authorized to allow exceptions to the Policy in
appropriate cases...."

"The Policy Officer will identify an 'Owner' for each Policy. The Policy Owner is an expert on the Policy topic who may respond to questions about, and provide interpretation of the Policy; and will typically be someone reporting to an executive level position (as defined above), but may be any other person to whom the President or a Vice President has delegated such authority for a specified area of University operations. The Owner has primary responsibility for maintaining the relevant portions of the Regulations Library...[and] bears the responsibility for determining which reference materials are helpful in understanding the meaning and requirements of particular Policies..." University Rule 1-001-III-B & E

VII. History:

Renumbering: Renumbered as Policy 6-101 effective 9/15/2008, formerly known as PPM 9-8, and formerly as Faculty Regulations Chapter VIII Sections 1 to 7A.

Revision history:

1. Current version: Revision 12:

   Approved Academic Senate: February 4, 2013

   Approved Board of Trustees: February 12, 2013

   Background Information for Revision 12

2. Earlier versions:

   Revision 11: effective dates July 1, 2011 to February 11, 2013
**Revision 10:** effective dates February 12, 2007 to June 30, 2011

**Revision 9:** effective dates March 17, 1997 to February 11, 2007
