

Policy 1-007: University Speech Policy

I. Preamble and Statement of Policy

These regulations shall be interpreted in accord with the requirements of the free speech and assembly rights guaranteed by the United States Constitution and the Utah Constitution, and in accord with generally accepted concepts of academic freedom as followed nationally and at the University of Utah. It is the purpose of these regulations to protect and enhance the free exchange of ideas in the University and on the University campus. The primary function of a University is to discover and disseminate knowledge by means of research and teaching. To fulfill these functions a free interchange of ideas is necessary. It follows that the University must insure within it the fullest degree of intellectual freedom and protect the opportunity of all members of the University community and their guests to exercise their intellectual freedom and protect their right to communicate with others in the University community.

Academic freedom, the free flow of ideas, the right to speak and the right to hear must be protected not only from censorship but also from those committed to interference with a speaker's presentation through acts of disruption. It is the responsibility of all members of the academic community to refrain from such conduct and the University shall apply appropriate sanctions under proper procedural safeguards to those who violate this obligation.

All persons on the campus of the University of Utah, whether administrators, faculty, students, employees or guests, are subject to the law and the regulations of the University. Those who violate the law or the University's regulations while on the campus do so at the risk of prosecution in the courts by appropriate government officials or proceedings authorized by University regulations. By virtue of regulating the exercise of free speech on the campus, the University does not sponsor or sanction the messages being stated or the methods of speech being used unless expressly stated otherwise.

- d. A permit shall be issued for up to thirty (30) calendar days. At the end of the time period for which a permit conditioned upon staffing the structure was issued and where there has been reasonable compliance with the staffing requirement, such a permit shall be renewed upon application for the same time period subject to the requirements applicable to the issuance of the original permit. A permit conditioned on staffing the structure shall be renewed as often as requested, but in no case shall a renewal period extend beyond the end of the academic semester.

3. Appeal Rights

Any person denied a permit to erect a structure or who objects to restrictions placed upon a permit may appeal the action of the Scheduling Office to the Committee on Student Affairs. The action of the Committee on Student Affairs may be appealed to the Academic Freedom and Tenure Committee on the ground that the action constitutes a violation of academic freedom or rights guaranteed by the United State Constitution or the Utah Constitution. The recommendation of the Academic Freedom and Tenure Committee shall be transmitted to the Senate and the president. In cases where the president concurs with the Committee recommendation, the president shall notify all involved parties of the decision and the Board of Trustees at its next regularly scheduled meeting.
