As approved by the Academic Senate January 7, 2019, and the Board of Trustees February 12, 2019, with designated effective date of February 12, 2019 (the date of final approval).

Prepared by Bob Flores, Senate Policy Liaison, for the Institutional Policy Committee

Note: The primary purpose and effect of this revision was to change the qualifications and eligibility for candidates to be elected to the Presidency of the Academic Senate. Prior to the revision, only Tenure-line (Tenured, and Tenure-Track) faculty members were eligible. With the revision, Tenured faculty members, and Career-Line Faculty members with certain specified qualifications, are eligible. Tenure-Track faculty members are no longer eligible.

The revisions also clarified that persons elected to the Presidency serve a three-year term of office, the first year as President-elect, the second as President, and the third as Immediate-Past-President.

And the revisions clarified that the Presidential officers, and all Senate officers, have duties to represent the entire constituency of the Senate in various contexts. These primary changes were made in Policy 6-002-III-C Senate Officers, and III-D-1-b Senate Executive Committee.

In addition to these primary changes, several needed editorial changes were incorporated into this revision project by the Senate Policy Liaison for efficiency (avoiding the need to run a separate revision project to make the editorial changes). The editorial changes included:

- correcting outdated references to the Student Course Feedback Committee’s status (now having the status of a standing committee of the Senate, rather than a non-Senate committee as in the past) (6-002-III-D-1-b & c),
- correcting the number of members of two Senate standing committees, which have membership based on representation of specific colleges, to reflect the fact that the number of academic colleges of the University was increased to 17 (increasing the membership of the Senate Personnel & Elections Committee (6-002-III-D-1-c), and the Senate Faculty Review Standards Committee (6-002-III-D-1-k),
- correcting a reference to the Policy governing Tenured Faculty Reviews, now numbered as separate Policy 6-321 rather than as in the past being a subsection of Policy 6-303 (6-002-III-D-1-k),
- capitalizing terminology appropriately throughout the Policy (e.g. Career-line and Tenure-line faculty categories),
- using the full official names of various Senate standing committees in various passages.

Report of Senate Ad Hoc Committee on Career-Line Eligibility to Serve as Senate President

TO: Academic Senate
FROM: Randy Dryer and Leslie Francis, Co-Chairs, Senate Ad Hoc Committee on Career Line Faculty Eligibility to Serve as Senate President
DATE: December 29, 2018

Committee Charge and Composition

In April of 2018 the Senate unanimously authorized the Executive Committee of the Senate to appoint an Ad Hoc Committee to “formulate proposed policy to allow career-line faculty to be eligible for the Senate Presidency.” In August, the Executive Committee established the Committee and appointed 10 tenure-line and six career-line members of the faculty, including seven past presidents of the Academic Senate. The full membership of the Committee is listed in Appendix A. The Executive Committee charged the Committee with submitting its recommended policy revisions to the Executive Committee no later than December 20, 2018. The Committee made its report within the deadline and the Executive Committee voted to place the recommended policy revisions on the Notice of Intent Calendar for the January 7, 2019 meeting of the Senate.

Recommended Policy Revisions

The Committee unanimously recommends that the Senate revise Policy 6-002 to (1) permit career-line faculty to stand for election as Senate President (2) establish the minimum eligibility requirements for all faculty who wish to serve as Senate President (3) set forth the duties, responsibilities and loyalties of the Senate President; and (4) codify the existing practice of having a person who serves as Senate President serve a total of three years: the first year as president-elect, the second year as president and the third year as immediate past president. Revising the policy as proposed will bring the University in line with other PAC-12 institutions, (none of which ban career-line faculty from serving as president of a faculty senate); will reflect best practices as urged by the American Association of University Professors (which strongly recommend that non-tenure track faculty be included in governance at all levels) and will be consistent with and a logical extension of the policy revisions the Senate previously adopted in 2013 and 2016 (which were designed to more fully integrate career-line faculty into the shared governance structure of the University).

The exact language of revised Policy 6-002 is set forth in Appendix B.
Background and Rationale

In fulfilling its charge the Committee reviewed and took note of the excellent and detailed work of the Academic Senate Career-Line Task Force which issued an initial report on the role of career-line faculty at the University in March of 2017 and a follow-up report in March of 2018. Both of these Reports were accepted and endorsed by the full Senate and provided useful information for the Committee.

The Committee met on five different occasions as a Committee of the whole during September, October and November and also established smaller working groups to focus on specific issues, collect additional factual information and do initial drafting in between meetings of the full Committee. A group consensus emerged on the following fundamental principles which subsequently informed and guided our drafting:

1. Eligibility to serve as Senate president should be based on qualifications, expertise, and experience rather than the rank or type of faculty appointment. As noted in the Career-Line Task Force reports, not all tenured faculty have sufficient experience in leadership and faculty governance to effectively serve and conversely, career-line faculty, which now comprise 46% of the full time faculty at the University, may include individuals who have the requisite experience and qualifications.

2. The status of tenure, which takes 5-7 years to attain, is essentially a proxy for insuring that a candidate for Senate President has demonstrated a long term commitment to the University, has a basic familiarity with the academic structure and mission of the University and has sufficient job security to represent the interests of the Academic Senate as an institution free from undue outside influences.

3. While it is appropriate to establish some minimum, threshold qualifications to be a candidate for Senate President, the voting electorate, not policy, should make any more granular assessment of candidate qualifications and suitability.

In furtherance of the above principles, the revisions require that any candidate must:

(a) be a fulltime member of the faculty at the University for at least five years prior to becoming a candidate;

(b) either be tenured or have a faculty appointment and accompanying contract of employment that runs during the three year term of office;

(c) have demonstrated prior participation in University level governance or service and involvement in University instructional or educational activities; and

(d) not be serving as an appointed administrative officer of the University at or higher than a department chair, which may create a potential conflict of interest.
The Committee debated extensively about whether to further define what qualifies as sufficient participation in University governance and teaching activities, but decided those assessments are best made by Senate voters on a candidate by candidate basis.

In the course of its activities, the Committee learned that certain duties and loyalties of the Senate President, although implied, are not specifically set forth in existing policy. Consequently, the revisions make explicit that the President is the spokesperson of the Senate; represents the interests of the Senate and its constituencies, in general, and the interests of the faculty, in particular; and owes a duty to act in the best interests of the University and the Academic Senate ahead of their own personal interests or the interests of the academic unit or college with which they are affiliated.

The Committee also made certain other administrative clarifications regarding the offices and roles of the president-elect, president and past president that are self-explanatory.

**Recommendation for Further Study**

The Committee recognized that for the Academic Senate to be an effective participant in the concept of shared University governance, it must attract qualified leadership and have sufficient financial resources to operate. An elected Senate leader (who essentially serves a three-year term of office as president-elect, president, and past president) must necessarily devote a significant amount of time in fulfilling their responsibilities and there currently is no accepted practice or policy regarding compensation or paid release time from other teaching, research or service responsibilities during a term of office. This issue is presently addressed in an ad hoc manner in the form of a negotiation between the elected candidate and their applicable academic unit. Similarly, there is no established budget or other financial support for the administrative operations of the Academic Senate. A limited survey of selected peer institutions reflect a wide range of institutional approaches to these issues. Although the issues are important to the effective functioning of the Academic Senate, they were deemed to be beyond the scope of the Committee’s charge, but nonetheless should be further studied and addressed.

DATE: December 6, 2018

The Ad Hoc Committee has completed its work and unanimously (a) supports adoption of the attached revision to Policy 6-002 and (b) requests the proposed language be placed on the Notice of Intent Calendar for the January 7, 2019 meeting of the Academic Senate. For convenience, I have attached a clean copy and a copy with the substantive changes highlighted in yellow.

The Committee is finalizing a written report explaining its rationale for the proposed policy revisions, which report will be submitted prior to the January Senate meeting.

The Ad Hoc Committee was comprised of 10 tenure-line and six career-line members of the faculty, including seven past presidents of the Academic Senate. Leslie and I want to thank and acknowledge the thoughtful and collegial work of the Committee members.

III-C. Senate Officers.

1. Presiding Officer (Senate Presidency).

   a. (i) The President of the Senate will be elected annually by the Senate from the eligible members of the University Faculty, from the tenure-line faculty at large excluding those who at the time of nomination to the office of Senate President are either ineligible for Senate membership or serve as chair of an academic department. The Senate Personnel and Elections Committee will provide a slate of candidates for the election. The person faculty member elected for this responsibility will serve as a Senate Presidential Officer for three years: a two-year term the first year term as President-elect, the second year term as President, and the third year term as immediate past-President.

   (ii) The Senate Personnel and Elections Committee, after consultation with the Senate Executive Committee, will provide a slate of candidates eligible for the election. Eligibility shall be determined at the time of nomination and election, based on the following requirements and factors.

   A. Must have held a Tenure-line or Career-line appointment at the University for at least five years with at least .50 FTE (Full Time Equivalent) status.

   B. Must have a current appointment as a member of the University Faculty, either (1) as a Tenured member, or

      (2) as a Career-line member with a current durational term of faculty appointment and a term of contract for employment of at least .75 FTE which both continue throughout the three year term of office.

   C. Must not be serving as an appointed administrative officer of the University at or higher than the position of chairperson of an academic department (or equivalent position, as described in Policy 6-001 Academic Units and Academic Governance).

   D. Must have demonstrated prior participation in University level governance or service.

   E. Must have demonstrated prior involvement in University instructional or educational activities.

   (iii) The three Senate Presidential Officers shall be ineligible to serve as elected faculty members of the Senate with full voting privileges at any time during their three year terms of office. If any would otherwise hold a position as a voting
faculty member of the Senate during the term of office, the college or area to be represented in the Senate by that position shall choose another eligible faculty member to fill that position, as a member of the Senate with full voting privileges during that period.

(iv) The three Senate Presidential Officers shall be considered ex officio members of both the Senate and the Senate Executive Committee, with rights of discussion. The past-President and President-elect shall have the rights of making motions, but not to vote. The President shall not have the right of making motions, and shall have only the limited right to vote to break a tie (as described in III-C-1-b-below). If the President-elect is not, at the time of his or her selection, an elected member of the Senate, the President-elect will be considered an ex officio member of both the Senate and the Senate Executive Committee, with full rights of discussion and making motions but without voting privileges. If the Senate President, at the time he or she takes office, is an elected member of the Senate, the President shall not, for apportionment purposes, be considered one of the tenure-line faculty members representing the colleges and University libraries; and the college or area which he or she represents shall choose another member with full voting privileges to replace the President during his or her time in office. If the Senate President, at the time he or she takes office, is not an elected member of the Senate, he or she shall be considered a full member of the Senate, with voting privileges as explained in the paragraph below and in Section 4. A. 1. a. below, but the President shall not, for apportionment purposes, be considered one of the tenure-line faculty members representing the colleges and University libraries.

b. (i) Upon his or her own initiative, the President may, or upon the vote of at least two-thirds of the assembled voting members of the Senate, the President shall, with respect to a specific agenda item, relinquish the gavel to the immediate past-President or President-elect if available (and if not available, then to the immediate past-President or President-elect) to serve as president pro tempore with respect to a specific agenda item. In the absence of the President for any Senate meeting or other presidential responsibility, the immediate past-President or President-elect, or immediate past-President, shall serve as a president pro tempore, and in the absence of all three Presidential Officers, the Senate shall elect a faculty member eligible for election to the Senate presidency to serve as a president pro tempore. Similarly, in the absence of the President for all or part of a meeting of the Senate Executive Committee, the immediate past-President, President-elect, or another faculty member of the Committee elected by the Committee shall serve as president pro tempore.

(ii) The President (or president pro tempore) shall be entitled to vote on matters before the Senate only where, after vote of the Senate, the President's vote will prevent an equal division of the Senate.

c. In interacting with the University administration, the University Board of Trustees, the State Board of Regents, and the larger community within and outside the University, the Senate President shall act as the spokesperson of the Academic Senate and represent the interests of the Academic Senate and its constituencies in general, and the interests of faculty, in particular.
d. In carrying out the responsibilities of the office, the President, past-President, and President-elect (and other Senate Officers) shall place the best interests of the University and the Academic Senate and its constituencies ahead of their own personal interests or the interests of the academic units with which they are affiliated.

e. The Senate President shall have a manual on Senate organization, operations, and basic Procedures prepared and distributed to all incoming Senate members.

2. Faculty Representative to the Board of Trustees
   The President of the Senate will serve as a faculty representative to the Board of Trustees. [See University Policy 2-002, and Board of Regents Policy R223.]

3. Secretary

4. Parliamentarian and Liaison to the Institutional Policy Committee

4. Faculty Representative to the Board of Trustees
   The President of the Senate will serve as a faculty representative to the Board of Trustees. [See University Policy 2-002, and Board of Regents Policy R223.]

III-D. Senate Committees.
1. Senate Executive Committee.
   i. Membership and Officers.
   B. The President of the Senate shall serve as chairperson of the Committee (or if not available, second the President-elect, third the immediate past-President, or fourth the Executive Committee shall elect a president pro tempore as acting chairperson). The chairperson shall have privileges of discussion, but not of making motions, and shall have the limited right to vote to prevent an equal division of the Committee.

C. The Committee also consists of the following ex officio, non-voting members with full rights of discussion and making motions: the University President, the senior vice president for academic affairs, the senior vice president for health sciences, or their designees; the President-elect; and the immediate past-President of the Senate, and the Senate Parliamentarian and Senate Liaison to the Institutional Policy Committee.

III. Policy

A. Establishment and Authority of the Academic Senate.

1. Establishment. The Academic Senate, hereinafter referred to as the Senate, is hereby established.

2. Authority.

   a. General Powers. Subject to the authority of the State Board of Regents and Board of Trustees, the Senate shall have power to act for the faculty of the University in general, and act on behalf of the particular constituency groups of faculty, deans, and students eligible to elect the voting members of the Senate pursuant to this Policy, in the areas specified by applicable provisions of University Regulations. As more fully described in Policy 6-001, and other applicable Regulations, Senate
powers include acting on behalf of the faculty and students in all matters of educational policy, receiving reports and making recommendations, being informed of appointments and resignations of faculty members, responding to requests for advice on matters referred by the University President, and through processes governed by Policy 1-001 participating in adoption and revising of University Regulations.

3. The Senate shall have power to make rules governing its own organization and Procedure.

B. **Senate Membership.** The Senate shall be constituted as follows:

1. **Ex Officio Members.**
   a. Administrative Officers: The following administrative officers shall be ex officio members of the Senate: (1) The University President, and the senior vice president for academic affairs and the senior vice president for health sciences. These ex officio members shall have full rights of discussion and making motions but not the right to vote. (2) Each dean, or an associate or assistant dean designated as a dean's representative. Each dean or a dean's designee shall have full rights of discussion and making motions on matters directly associated with the dean's college or administrative responsibility, but, except for the two voting deans [see III-2-b below] not the right to vote.
   b. Academic Advisors. One representative of an organization of the University's professional academic advisors, selected annually by the organization, shall be an ex officio member of the Senate, with full rights of discussion and making motions on matters directly associated with the responsibilities of academic advisors, but not the right to vote.
   c. University Staff Employees. One representative of an organization of the University's staff employees, selected annually by the organization, shall be an ex officio member of the Senate, with full rights of discussion and
making motions on matters directly associated with the responsibilities of staff employees, but not the right to vote.

2. Elected Members.
   a. Faculty members.
      i. Tenure-line faculty members.

      A. The voting membership of the Senate shall include tenured-line faculty members as defined in Policy 6-300 elected from the following areas of representation: the individual academic colleges and the University libraries considered as a unit. All tenured-line members of the faculty, without regard for rank or for time in rank, shall be eligible for election to membership in the Senate, except ex officio members of the Senate and members of the faculty serving in administrative positions higher than department chair. All tenured-line members of the faculty, without regard for rank or for time in rank, shall be eligible to vote for candidates for Senate membership only in the areas of representation where they hold primary appointments.

      B. Tenure-line faculty membership in the Senate shall be apportioned by allocating not more than 79 representatives among the eighteen areas of representation (seventeen academic colleges and the University libraries area*) on a prorated basis of 50 percent according to the number of tenured-line faculty members in each area and 50 percent according to student credit hours, including evening residence hours, taught in each area during the preceding academic year (regardless of whether taught by faculty, of any faculty category, or by non-faculty instructional personnel). The base allocation of not more than 79 tenured-line faculty members shall be adjusted to ensure that each area of representation will
have a minimum of two representatives. The Senate Personnel and Elections Committee shall reapportion the Senate according to the foregoing formula every two years.

*Representation from the tenure-line faculty of the University Libraries will be determined by taking the average number of student credit hours taught within the academic colleges during the preceding academic year (regardless of by whom taught), per tenure-line faculty member, of all other colleges, and multiplying that value by the number of Library tenure-line faculty.

C. Areas of representation which, under the foregoing formula, would contribute more than 20 percent of the voting tenure-line faculty membership of the Senate may, with Senate approval, be subdivided by the Senate Personnel and Elections Committee along department or administrative lines, into two or more separate representation areas, none of which shall contribute more than 20 percent of the voting tenure-line faculty membership of the Senate. The membership of such subdivided representation areas shall be apportioned by the Committee among the areas as nearly as possible in accordance with the above prorationing formula.

ii. Career-line faculty members.

A. The voting membership of the Senate shall include career-line faculty members as defined in Policy 6-300.

B. There shall be one career-line faculty representative elected from each of the following nineteen areas of representation: the seventeen individual academic colleges, the University Libraries considered as a unit, and the Qualified Interdisciplinary Teaching Programs identified in [Rule 6-310] considered as a unit.
C. All members of the faculty who, continuously for the three years preceding the date their term of Senate membership would begin, have had career-line faculty appointments of at least 75 percent Full-Time-Equivalent (.75 FTE) within a single area of representation, without regard for rank and without regard for category within the career-line categories (Clinical, Lecturer, or Research), shall be eligible for election to membership in the Senate from the areas of representation where they hold such .75 FTE appointments, except ex officio members of the Senate and members of the faculty serving in administrative positions higher than department chair.

D. All members of the faculty who at the time of the election hold career-line faculty appointments of at least 50 percent Full-Time-Equivalent (.5 FTE) within a single area of representation, without regard for rank or for time in rank, and without regard for category within the career-line categories (Clinical, Lecturer, or Research), shall be eligible to vote for career-line candidates for Senate membership in the areas of representation where they hold such .5 FTE appointments.

iii. General provisions for both tenure-line and career-line elected faculty members.

A. Faculty representatives shall be elected to serve regular three-year terms (or as provided in the subsection below regarding vacancies to complete three-year terms of representatives who do not complete their regular terms). Senate faculty members shall be ineligible for nomination for another term until at least one year has elapsed following the expiration of their terms of office or date of resignation therefrom. New terms shall begin on May 15.
B. Disputes respecting eligibility for election or eligibility to vote shall be decided by the Senate Personnel and Elections Committee, subject to appeal to the Senate.

C. An annual orientation shall be provided for newly elected Senators.

D. Beyond service in the Senate, faculty members of the Senate should expect that they may be called upon to serve on standing and ad hoc (special) committees.

iv. Election of Faculty Members to the Senate—Role of Senate Personnel and Elections Committee.

A. General Provisions.

1. The Senate Personnel and Elections Committee ("Committee") shall supervise elections to the Senate, which shall be conducted during the month of April.

2. No person shall be nominated or elected to represent more than one area. No person shall be elected to the Senate without receiving a majority of all votes cast by the eligible voters in the area which that person is to represent in the Senate.

B. Election Procedures.

1. Not later than March 1st of each year, the Committee will send an announcement to each area represented in the Senate from which at least one faculty representative’s term is set to expire, giving notice that elections are to be held in each such area for new representatives to the Senate. The announcement sent to each area shall describe the applicable eligibility requirements (as specified in this Policy) for both the candidates and the voters for each position for which an election is to be conducted.
2. Subject to approval by the Committee, each area represented in the Senate shall develop its own plan for obtaining nominations and for conducting the election of its allotted representatives to the Senate.

3. Not later than April 15 of each year in which it is authorized to elect one or more representatives to the Senate, each area shall forward to the Committee a report of the person or persons elected to represent that area. Each area shall also forward to the Committee all ballots cast in the process of nominating candidates and electing its representative(s) to the Senate.

4. After verifying the election results, the Committee shall announce the roster of newly elected Senators at the May meeting of the Senate.

C. Vacancies.

In the event the Senate position of an elected faculty member is vacated before expiration of the term for which he or she was elected, the Personnel and Elections Committee shall appoint the runner-up from that member's original election to the Senate to serve the remainder of that member's term or until the next general election held within that area (or if necessary a special election), when the vacancy shall be filled by election for the unexpired term.

b. Deans.

i. The deans shall elect two deans as voting representatives in the Senate. The voting deans shall be elected to serve regular two-year terms, (or to complete two-year terms of representatives who do not complete their regular terms-, elected through the same procedure described in the preceding section for filling vacancies of elected faculty members). The term of one of the deans' voting representatives
will begin on May 15 in even numbered years; the term of the other
deans' voting representative will begin on May 15 in odd numbered
years.

c. Students - representatives of the Associated Students of the University of
Utah ("ASUU") [See Policy 6-401 Students of the University.]
i. Each academic college (as described in Policy 6-001) as an area of
representation shall elect one representative from its members to the
ASUU Student Senate. (And for the limited purposes of student
representation in the Academic Senate, the "Academic Advising
Center" (as described in Policy 6-101) and "Honors College" together
shall be considered as an area of representation of students equivalent
to an academic college for purposes of equal representation.) The
elected members of the ASUU Student Senate shall be entitled to
attend Academic Senate meetings with full rights of discussion and
vote. If a student member resigns his or her position on the ASUU
Student Senate, the vacancy will be filled by the next runner-up in the
affected college or otherwise according to Procedures described in the
ASUU Student Handbook.

ii. The ASUU president, or the ASUU vice president if designated by the
ASUU president, and an additional student appointed by the ASUU

rights of discussion and vote.

iii. Student members of the Academic Senate shall serve one-year terms
dating from their installation as ASUU officers.

3. Alternates.

Each elected member of the Senate is expected to attend its meetings
regularly. When absence of a member is unavoidable, the member shall
designate in writing to the Secretary of the Senate an alternate to serve with
full power during the elected member's absence. The alternate so designated shall be one of the available unsuccessful candidates for that Senate seat in the previous election. In the absence of available unsuccessful candidates, any other person eligible for election to that Senate seat may be designated as an alternate.

C. Senate Officers.

1. Presiding Officer (Senate Presidency).

   a. (i) The President of the Senate will be elected annually by the Senate from the eligible members of the University Faculty. E. Must have demonstrated prior involvement in University instructional or educational activities.

(iii) The three Senate Presidential Officers shall be ineligible to serve as elected faculty members of the Senate with full voting privileges at any time during their three year terms of office. (iv) The three Senate Presidential Officers shall be considered ex officio members of both the Senate and the Senate Executive Committee, with rights of discussion. The past-President and President-elect shall have the rights of making motions, but not to vote. The President shall not have the right of making motions, and shall have only the limited right to vote to break a tie (as described in III-C-1-b-below).

b.

(i) Upon his or her own initiative, the President may, or upon the vote of at least two-thirds of the assembled voting members of the Senate, the President shall, with respect to a specific agenda item, relinquish the gavel to the immediate past-President if available (and if not available, then to the President-elect) to serve as president pro-tempore with respect to a
specific agenda item. In the absence of the President for any Senate meeting or other presidential responsibility, the immediate past-President, or President-elect, shall serve as a president pro tempore, and in the absence of all three Presidential Officers, the Senate shall elect a faculty member eligible for election to the Senate presidency to serve as a president pro tempore. (ii) The President (or president pro tempore) shall be entitled to vote on matters before the Senate only where, after vote of the Senate, the President's vote will prevent an equal division of the Senate.

c. In interacting with the University administration, the University Board of Trustees, the State Board of Regents, and the larger community within and outside the University, the Senate President shall act as the spokesperson of the Academic Senate and represent the interests of the Academic Senate and its constituencies in general, and the interests of faculty, in particular.

d. In carrying out the responsibilities of the office, the President, past-President, and President-elect (and other Senate Officers) shall place the best interests of the University and the Academic Senate and its constituencies ahead of their own personal interests or the interests of the academic units with which they are affiliated.

e. The Senate President shall have a manual on Senate organization, operations, and basic Procedures prepared and distributed to all incoming Senate members.

2. Faculty Representative to the Board of Trustees
The President of the Senate will serve as a faculty representative to the Board of Trustees. [See University Policy 2-002, and Board of Regents Policy R223.]

The President of the Senate will be elected annually by the Senate from the tenure-line faculty at large excluding those who at the time of nomination to the office of Senate President are either ineligible for Senate membership or serve as chair of an academic department. The Senate Personnel and Elections Committee will provide a slate of candidates for election. The person elected for this responsibility will serve a two-year term, the first year as President-elect, the second as President. If the President-elect is at the time of his or her selection, an elected member of the Senate, the President-elect shall be considered an ex officio member of the Senate Executive Committee with full rights of discussion and making motions but without voting privileges. If the President-elect is not, at the time of his or her selection, an elected member of the Senate, the President-elect will be considered an ex officio member of both the Senate and of the Senate Executive Committee, with full rights of discussion and making motions but without voting privileges. If the Senate President, at the time he or she takes office, is an elected member of the Senate, the President shall not, for apportionment purposes, be considered one of the tenure-line faculty members representing the colleges and University libraries; and the college or area which he or she represents shall choose another member with full voting privileges to replace the President during his or her time in office. If the Senate President, at the time he or she takes office, is not an elected member of the Senate, with voting privileges as explained in the paragraph below and in Section 4. A. 1. a. below, but the President shall not, for apportionment purposes, be considered one of the tenure-line faculty members representing the colleges and University libraries.

a. Upon his or her own initiative, the President may, or upon the vote of at least two-thirds of the assembled voting members of the Senate, the President shall, with respect to a specific agenda item, relinquish the gavel to the President-elect if available (and if not available, then to the immediate past-President) with respect to a specific agenda item. In the absence of the President or President-elect, (or immediate past-President), the Senate shall elect a president pro tempore. The President or president pro tempore shall be entitled to vote on matters before the Senate only where, after vote of the Senate, the President's vote will prevent an equal division of the Senate.

b. The Senate President shall have a manual on Senate organization, operations, and basic Procedures prepared and distributed to all incoming Senate members.
3. Secretary.

The Secretary of the Faculty [see Policy 6-001-III-B-3-c Members and Officers of the University Faculty] shall be ex officio the Secretary of the Senate, but the presiding officer may appoint an assistant secretary at any time.

4. Parliamentarian and Liaison to the Institutional Policy Committee

If these appointees are not otherwise elected voting members of the Senate during their terms of appointment, then during their appointed terms they shall be ex officio members and shall have full rights of discussion and making motions but not the right to vote.

2. Faculty Representative to the Board of Trustees

The President of the Senate will serve as a faculty representative to the Board of Trustees. [See University Policy 2-002, and Board of Regents Policy R223.]

D. Senate Committees.

1.

a. Establishment of standing committees of the Senate.

i. The standing committees of the Academic Senate described in this Policy are hereby established, and the membership and functions of each shall be implemented as described here (or as described in the
other governing Regulations for each such committee as referenced here).

ii. There are three categories of such standing committees.

A. Standing committees for which the primary responsibilities include managing the internal affairs of the Senate. These are (1) the Senate Executive Committee and (2) the Senate Personnel and Elections Committee. In keeping with the principle that internal affairs of the Senate are to be managed by the Senate members, eligibility for election to serve on these committees is based on status as an elected member of the Senate, as more fully described below.

B. Standing committees for which the primary responsibilities include investigating, reviewing, or conducting hearings regarding individual case disputes among University personnel. The Senate delegates to these committees certain responsibilities for conducting investigations, informal dispute resolutions, and hearings, as more fully described in the pertinent governing Policies. These are (3) the Senate Committee on Academic Freedom and Faculty Rights, and (4) the Senate Consolidated Hearing Committee. Membership in the Senate is not a requirement for faculty members or officers of these committees.

C. Standing committees for which the primary responsibilities include generally advising the Senate and the University administration on matters of significant academic importance. These are (5) the Senate Advisory Committee on Academic Policy, (6) The Senate Advisory Committee on Budget and Planning, (7) The Senate Advisory Committee on Diversity, (8) The Senate Advisory Committee on Student Course Feedback, (9) The Senate Advisory Committee on Information Technology, and (10) The Senate
Faculty Review Standards Committee. Membership in the Senate is not a requirement for faculty members or officers of these committees.

b. Senate Executive Committee.

The Academic Senate Executive Committee ("Senate Executive Committee"/ or "Executive Committee"/ "ASEC") is hereby established as a standing committee of the Academic Senate. The provisions described in [Parts III-D-3 and III-E] of this Policy as generally applicable for standing committees of the Senate apply for this Committee, except as otherwise specifically described here.

i. Membership and Officers.

A. The membership of the Executive Committee with full voting rights consists of the following voting members of the Senate:

1. twelve persons representing its (Tenure-line or Career-line) faculty and voting dean members (elected annually to serve a one year term on the Committee, must be a voting member of the Senate during the term of service on the Committee, no restriction on re-election for consecutive terms). At least ten of the twelve must be full-time faculty members, and not more than two may be from the same area of representation.

2. three student members (Consisting of the ASUU president, one graduate and one undergraduate representative from the student Academic Senators, one of whom shall be the Student Senate Chair and the other of whom shall be selected by the Student Senate. The student members shall serve one-year terms dating from their installation as ASUU officers).
B. The President of the Senate shall serve as chairperson of the Committee (or if not available, second the immediate past-President, third the President-elect, third the immediate past-President, or fourth the Executive Committee shall elect a president pro tempore as acting chairperson). The chairperson shall have the privileges of discussion, but not of making motions, and shall have the limited right to vote to prevent an equal division of the Committee.

C. The Committee also consists of the following ex officio, non-voting members with full rights of discussion and making motions: the University President, the senior vice president for academic affairs, the senior vice president for health sciences, or their designees; the President-elect; and the immediate past-President of the Senate, and the Senate Parliamentarian and Senate Liaison to the Institutional Policy Committee.

D. The Committee shall ordinarily meet within two weeks after commencing its term and elect a secretary from its elected or ex officio membership.

E. The Committee shall ordinarily meet approximately two weeks prior to the monthly meetings of the Senate, and the chairperson may call meetings at any time and must call a meeting of the Committee upon written petition of any three members of the Committee within ten days of the date of the petition, or at such earlier time as is otherwise specified in the petition.

F. A quorum to conduct business shall consist of a majority of the twelve voting members representing the faculty and deans.

ii. Functions. It shall be the duty of the Executive Committee to:
A. Prepare the Senate agenda, assigning non-controversial items to the consent calendar, and assigning other items to the information and recommendations calendar, intent calendar, or debate calendar, as appropriate in accord with [Sections III-F, G, H below], and in accord with specific provisions of other relevant Policies (including the requirements of Policy 1-001-III-A-4 for proposed changes of University Regulations); set time limits for debate; and make such procedural stipulations of other sorts (nonbinding) as may be necessary.

B. Report to the Senate at each regular meeting, noting matters which it has and has not placed on the agenda and the reasons and voting on each question of calendaring.

C. Study the actions of committees and college councils and the Graduate and Undergraduate Councils [See Policy 6-001] (preferably with a representative of the committee or council involved present in a given instance), and in appropriate cases return any report by such a body to that body for re-examination, where the Executive Committee judges that the report is unclear, is inadequately developed, or suffers from other significant problems. Such return by the Executive Committee shall be nonbinding on the committee or council involved.

D. At its discretion, identify questions in connection with a committee or council report, or item from the administration, which it thinks the Senate should consider and which it accordingly conveys to the Senate members in advance of the meeting involved.

E. Refer to an appropriate committee for its consideration items which may be urgent, or in extremely urgent cases, make a recommendation itself directly to the Senate.
F. Recommend to the Senate the creation of an ad hoc (special) committee to study a specific important issue, where the topic involved does not fall under the jurisdiction of an existing ad hoc or standing committee, with or without recommendations on the design and specific wording of the charge to such a committee.

G. Act in behalf of the Senate on urgent matters which cannot wait for action by the Senate in regular sessions, and act on behalf of the Senate during vacation periods and the summer semester, providing that a full report of such action is made to the Senate at its next regular meeting. Any substantive decisions shall be subject to reconsideration when they are presented to the Senate at this time.

H. Initiate studies and legislation for Senate action on matters not assigned to other University committees, nor assignable to them.

I. Receive confidential committee reports indicating a serious concern about the systemic operation of a program, department or college or other academic unit, and to request further supporting information from any committee so empowered to report. If the Executive Committee concludes that there is a serious concern about the systemic operation of an academic unit, it shall bring this to the attention of the cognizant vice president and provide supporting information. The cognizant vice president shall acknowledge receiving the report and in a timely fashion inform the Executive Committee and the originating committee what steps are being taken to investigate or resolve the concerns and, subsequently, inform both committees of the outcome of the investigation and of any resolution achieved. [See Policy 6-010 (SCAFFR), Policy 6-011 (SCHC).]
J. K. Take such other action or assume such other duties as may be assigned or referred to the Executive Committee, upon resolution of the Senate or upon request of the University administration with the consent of the Executive Committee and the Senate.

Because this committee has now been made a standing committee of the Senate, it is therefore required to annually report to the Senate, and so it need not be mentioned in this passage which is about reports from non-Senate committees.

The number of Career-line faculty members shall not exceed the number of Tenure-line faculty members. C. The Committee shall review any new University-wide standing committee charters or changes to such charters.

D. In alternate years, it will apportion Senate membership according to [Part III-B of this Policy].

E. The Committee will also review the necessity of retaining existing Senate and University committees, recommending to the Senate or appropriate administrative officers any possible excisions.

F. It shall pursue an affirmative action program to secure significant representation of women, minorities, and non-tenured faculty members in positions of responsibility within the University, and to seek a distribution of committee nominations among colleges and departments in order to obtain a range of backgrounds among the members of each committee.

G. Among the particular duties of the Committee with regard to University committees as established by specific Regulations are the following (listed here for convenience—and the Senate President, after notifying the Executive Committee, is hereby authorized to update this list as an editorial correction, consistent with approved Regulations changes.)

The provisions described in [Parts III-D-3 and III-E] of this Policy as generally applicable for standing committees of the Senate apply for this Committee, except as otherwise specifically described here. e. Senate Consolidated Hearing Committee

The Senate Consolidated Hearing Committee ("SCHC") is hereby established as a standing committee of the Academic Senate. The provisions described in [Parts III-D-3 and III-E] of this Policy as generally applicable for standing committees of the Senate apply for this Committee, except as otherwise specifically described here. [User note: prior to 2018 the functions of this committee were divided among three
separate committees, including SACAP itself, the Senate Advisory Committee on Library Policy, and the Senate Advisory Committee on Salaries and Benefits. In 2018 the three committees and three sets of responsibilities were consolidated into this single SACAP committee. Also prior to 2014 this committee was known as the Academic Policy Advisory Committee--APAC.]

To ensure regular cross-communication between the Committee and the University's Presidential Commission on the Status of Women, the Commission shall be invited to annually designate one of its members to serve as a non-voting ex officio member of the Committee representing the Commission (unless the Commission determines that adequate representation is already provided by a current voting or ex officio member of the Committee).

ii. Functions.

The Committee shall provide leadership and expertise to the University community in promoting diversity in their various roles and activities and; serves as a forum for the exchange of ideas within the University. The Committee should respond to directions from the Academic Senate, while retaining the freedom to set its own agenda. The Committee's principal role is to identify issues, projects, and proposals that would further a positive climate of diversity on the University campus, would enhance relations with diverse elements in the community, and would promote appreciation of diversity in the wider community. The Committee's role includes forwarding information and recommendations to the Academic Senate. The Committee will submit an annual report to the Academic Senate of its activities.

iii. Budget.

An annual budget for the Committee will be offered by the President and administered by the Office of the Associate Vice President for Equity and Diversity.

j.i. Senate Advisory Committee on Student Course Feedback (SACSCF)

The Senate Advisory Committee on Student Course Feedback is hereby established as a standing committee of the Academic Senate. The provisions described in [Parts III-D-3 and III-E] of this Policy as generally
applicable for standing committees of the Senate apply for this Committee, except as otherwise specifically described here. [User note: this committee was formerly known as the Student Course Feedback Oversight Committee (2011-2015), and which was established by Policy 6-100-III-N. It was reorganized and made a standing committee of the Senate in 2015.]

i. Membership and officers.

The membership of the Committee with full voting rights consists of seven faculty members, and four students.

Faculty members. The faculty members are a mix of elected and appointed.

There shall be four elected faculty members with terms of three years and limited to two consecutive terms. In accordance with Policy 6-300-III-B, elected faculty members should be broadly representative of the University, with at least one representative from Health Sciences, at least one representative from Career-line (lecturer) faculty, at least one representative of Tenure-line faculty, and one faculty member with experience as an academic unit administrator with responsibilities for reviews of faculty members. As with Senate standing committees generally, the terms are staggered so that an approximately equal number are elected each year, the Senate President or designee is an ex officio nonvoting member, and elections of faculty members and appointment and confirmation of Committee officers proceed as described in [Parts II-D-3 and III-E], with the exception that nominations for members to stand for election to this Committee (except nominations made from the floor during a meeting of the Senate) shall originate from the Senate Executive Committee and the Personnel and Elections Committee.
Three faculty members are appointed to the Committee as full voting members, including the Associate Dean for General Education (or designee), a faculty representative of the Undergraduate Council (a Council member appointed to the Committee annually by the chairperson of the Undergraduate Council), and a faculty representative of the Graduate Council (a Council member appointed annually to the Committee by the chairperson of the Graduate Council).

Student members. The four student representatives will include the ASUU Academic Affairs Director (or designee), the ASUU Senate chairperson (or designee), and two Student Advisory Committee (SAC) representatives appointed by the ASUU Academic Affairs Director, including one graduate student and one undergraduate student. Students will have annual terms of service, but may be reappointed.

Non-voting ex officio members. Holders of the following positions (or equivalents) shall also be ex officio non-voting members: Director of the University unit responsible for the administration and analysis of student course feedback, and Student Course Feedback Program Manager.

Committee Officers Appointment and Confirmation. The Committee officers, selected from the elected faculty members of the Committee, shall be appointed and confirmed as follows. There shall be a Committee chairperson and a vice-chairperson, the vice-chairperson preferably succeeding the chairperson in the year following service as vice-chairperson. The Academic Senate President, in consultation with the Director of the University unit responsible for the administration and analysis of student course feedback, annually appoints the Committee officers with ratification by the Senate Executive Committee, and then subject to confirmation of the Senate-elected
committee's voting membership. The chairperson may at any time appoint a member or other person to act as secretary for the committee.

ii. Functions.

The Committee’s primary functions shall be as more fully described in Policy 6-100-III-N, Course Assessment and Feedback (course evaluations), including evaluation and provision of input and oversight on the development and revision of course feedback instrument(s), report form(s), and procedure(s), which shall be presented to the Academic Senate for approval. Full evaluation of student course feedback forms, report forms, and administration procedures will be reported to the Academic Senate every four years. The Committee shall confer with the Senate Faculty Review Standards Committee and relevant administrators regarding the use of course feedback results in conjunction with reviews of teaching performance of faculty members and non-faculty instructional personnel (Policies 6-303 and 6-310). The Committee shall report to the Senate at least annually regarding its activities.

k-j. Senate Advisory Committee on Information Technology

The Senate Advisory Committee on Information Technology ("SACIT") is hereby established as a standing committee of the Academic Senate. The provisions described in [Parts III-D-3 and III-E] of this Policy as generally applicable for standing committees of the Senate apply for this Committee, except as otherwise specifically described here.

i. Membership and officers.

The membership of the Committee with full voting rights consists of twelve tenure-line or career-line faculty members, who meet the
qualifications for election to the Academic Senate (but need not be members of the Senate), and two students.

For the faculty members: ordinarily at least three shall be Tenure-line and at least three Career-line; they shall represent the University faculty as a whole and not any particular college or equivalent and ordinarily not more than three may be from the same college or equivalent; the terms are three years, and there is no limit on serving multiple consecutive terms. As with Senate standing committees generally, the terms are staggered so that an approximately equal number are elected each year, the Senate President or designee is an ex officio nonvoting member, and elections of faculty members and appointment and confirmation of Committee officers proceed as described in [Parts III-D-3 and III-E], with the exception that nominations for members to stand for election to this Committee shall originate from the Senate Executive Committee and the Personnel and Elections Committee, which will consider recommendations from relevant administrators and past participants in the work of this Committee.

Selection of faculty members should be guided by the following principles, consistent with the functions of the Committee:

- Awareness of the roles of information technology in an academic setting
- Some familiarity with trends in information technology relevant to academic activities,
- Representation of the very diverse academic sectors of the University,
- Interest in assuring that information technology resources are deployed so as to best support the University’s multiple academic missions, and interest in maintaining effective relationships among
the University’s academic users of information technology and the pertinent administrators and staff,

- Given the importance of continuity of membership, willingness to be considered for nomination for consecutive terms.

The two student members shall be selected by ASUU, shall serve one-year terms, and preferably will include one undergraduate and one graduate student. The University’s Chief Information Officer (or equivalent), or designee, will serve permanently as a non-voting ex-officio member of the Committee. The Committee may consult with anyone involved in University information technology as necessary for the performance of its responsibilities, but none of these individuals will be members of the Committee. As with other standing Senate committees, this Committee’s officer(s) shall be selected annually from the elected faculty members of this Committee, appointed by the Senate President, ratified by the Senate Executive Committee, and confirmed by this Committee’s voting membership, and there are no restrictions on reappointment to multiple consecutive annual terms.

ii. Function.

The primary role of the Committee is to ensure ongoing robust communication among representatives of the University’s academic users of information technology (especially faculty and students), and administrators responsible for planning for, acquiring and deploying information technology resources. Such administrators shall regularly inform and consult with the Committee regarding information technology resources. The Committee should regularly consult with information technology user constituencies and convey input to relevant administrators.

If for any particular matter being considered by the Committee any individual member has a potential conflict of interest which might
reasonably be considered to significantly affect that member’s judgment (e.g., affecting that member’s home unit far more greatly than other University units generally), the member should disclose that concern and if judged appropriate by the majority of other voting members should refrain from any voting on that matter.

In light of typically rapid changes in information technology, and possible occasional changes in the University’s overall administrative governance structure relevant to information technology, the administrative positions and other University committees which this Committee will interact with might change frequently. It is intended that this Committee serve as a permanent fixture and constant participant within the governance structure.

Proposals for University Regulations significantly affecting academic uses of information technology should be developed within or otherwise considered by the Committee prior to being presented to the Senate.

The Committee shall report on its activities and present its recommendations, as needed and at least annually, to the Senate.

Senate Faculty Review Standards Committee

The Senate Faculty Review Standards Committee (“SFRSC”) is hereby established as a standing committee of the Academic Senate. The provisions described in [Parts III-D-3 and III-E] of this Policy as generally applicable for standing committees of the Senate apply for this Committee, except as otherwise specifically described here. [User note: this committee was formerly known as the University RPT Standards Committee--URPTSC (2004-2014), and earlier as the University RPT Standards and Appeals Committee--URPTSAC (pre- 2004)]

i. Membership and officers.
A. The membership of the Committee with full voting rights consists of [twenty four-three] faculty members, including seventeen-eighteen Tenured (one from each of the [sixteen-seventeen] academic colleges, and the University Libraries), and six Career-line (selected as described below). The terms of all voting members are four years (rather than the typical three), and any individual who has served two consecutive terms will not be eligible for nomination for another term until an interval of one year has passed following the completion of the second term. As with Senate standing committees generally, the terms are staggered so that an approximately equal number are elected each year, the Senate President or designee is an ex officio nonvoting member, and elections of faculty members and appointment and confirmation of Committee officers proceed as described in [Parts III-D-3 and III-E], except that the Senate Executive Committee shall approve nominations of the Career-line faculty members (as described below), and the single chairperson (or at least one of two co-chairpersons if leadership is so structured in a given year) shall be a Tenured member.

B. For the Career-line members: the allocation of members for a given period should be made as will best achieve appropriate representation of University areas with significant numbers of such faculty and provide perspectives from the three Career-line subcategories (Clinical, Lecturer, Research), and consistent with the anticipated work of the Committee, generally including among the total of six at least two from the academic colleges within health sciences, and at least two from the other areas of Senate representation (other academic colleges, the libraries, and the qualified interdisciplinary teaching programs). The nominations (other than nominations made from the floor at a Senate meeting), after having been prepared by the Personnel and Elections

Commented [RF8]: Editorial correction included with Rev.33 There are now 17 academic colleges (after the most recent additions of #16 Dentistry and #17 Social & Cultural Transformation). Because this SFRSC committee membership structure for the Tenured members is based on one representative of each academic college, the membership automatically will increase with the expansion of the number of such colleges. The addition of the two newest colleges was previously taken into account by revising the sections of this Policy describing the main Senate membership, and the membership of the Personnel & Elections Committee (both correctly referring to 17 colleges). However, until this Rev. 33 it had been overlooked as an issue for the SFRSC. So that errors is now being corrected (and for the next populating of the committee, the corrected numbers should be used).
Committee shall be approved by the Senate Executive Committee prior to the election within the Senate.

C. As recommended by the Committee and with the approval of the Senate Executive Committee, for any given year the members may be organized into subcommittees, e.g., for purposes of those work projects related to tenure-line faculty and those related to career-line faculty and non-faculty academic personnel.

D. The Associate Vice President for Faculty, or designee, shall also be a non-voting ex officio member of the Committee and any subcommittees.

ii. Functions and procedures.

The Committee generally advises the Senate and University administration regarding Regulations and practices for regular periodic reviews of members of the University faculty (and also non-faculty instructional personnel teaching credit-bearing courses, see Policy 6-310). And, acting on behalf of the Senate with authority hereby delegated to it, the Committee has the following specific functions for review and approval of the Statements describing and governing the University’s systems for reviews of individual faculty (and such non-faculty instructional personnel).

A. RPT Statements. The Committee shall develop and implement procedures with which it will review and approve the Statements of Retention, Promotion and Tenure criteria, standards, and procedures applicable for members of the tenure-line faculty of each academic unit as required by University Policy 6-303. Such reviews should be conducted with due concern to the unique characteristics or requirements of the discipline and with the objective of improving the stature of the University by ensuring that
such criteria and standards are consistent with the University's commitment to academic excellence. Such reviews will be conducted in conjunction with the faculty and administrators of the academic unit being reviewed. The Statement of any academic unit may be reviewed at the initiative of the Committee or on a regular schedule which the Committee may establish in consultation with the cognizant senior vice president. Requests for reviews other than on such regular schedule may be made to the Committee by the cognizant senior vice president, the University Promotion and Tenure Advisory Committee (see Policy 6-304-III-E), or the Graduate Council (pursuant to regular evaluations of academic units per [Policy 6-001]), as well as by deans, department chairpersons, or individual tenure-line faculty members. The Committee shall use its judgment and discretion in formulating responses to such requests. The Committee shall annually report on its reviews to the Senate and to the University Promotion and Tenure Advisory Committee.

B. Tenured Faculty Review Statements. The Committee shall review and approve the Statement of Tenured Faculty Review procedures applicable for the tenure-line faculty members of each academic unit as required by [Policy 6-30321-III-L].

C. Statements for Review of Career-Line and Adjunct Faculty, and Non-Faculty Instructional Personnel. The Committee shall review and approve the Statement of Review, Reappointment and Promotion Criteria, Standards, and Procedures applicable for members of the career-line faculty, adjunct faculty and non-faculty instructional personnel of each academic unit as required by [Policy 6-310].
D. The Committee is also an appropriate forum for reviewing any proposed changes to University Regulations relating to the above specific functions of the Committee, including any with respect to retention, promotion, or tenure.

2. Other Committees Established by the Senate.

a. Other Standing Committees.

The Senate may by ordinary vote create a new standing committee of the Senate, provided that within one year of such establishment by vote, the committee shall be fully established by an approved revision of this Policy incorporating a description of the membership structure and functions of such additional standing committee.

b. Special Committees.

The Senate shall have the power to provide for the appointment or election of such special committees as in its discretion may be needed to serve the best interests of the University. (As described above, the Senate Executive Committee has the power to recommend to the Senate the establishment of such a special committee). The membership structure and terms, functions, and period of existence for each such special committee shall be as described in the proposal for establishment of the committee as approved by the Senate, and in the special charge issued to the committee.

c. Ad Hoc Committee to Review Structure of Senate

The Senate may by secret ballot elect an ad hoc committee to review the structure and functions of the Senate.

There shall be a committee chairperson. Also, if appropriate based on current circumstances, as annually determined by the Academic Senate President and ratified by the Senate Executive
Committee, there shall be either a co-chairperson or a vice-chairperson. The Academic Senate President annually appoints the committee officers with ratification by the Senate Executive Committee, and then subject to confirmation of the Senate-elected committee’s voting membership. There is no general restriction on any officer being reappointed to multiple consecutive annual terms.

ii. For each special committee of the Senate, the above-described process shall also apply, unless otherwise provided for in the charge approved upon establishment of the special committee.

iii. The chairperson of any standing or special committee may at any time appoint a member or other person to act as secretary for the committee.

c. Senate President as ex officio member.

The President of the Senate, or the President’s designee, shall be an ex officio, nonvoting member of all Senate Standing Committees (and also of each special committee of the Senate unless otherwise provided for in the charge approved upon establishment of the special committee).

f. Committee General Charters, Special Charges, and Reports.

i. For each standing committee of the Senate, a permanent general charter, updated consistent with the provisions of this Policy and any other governing Regulation, shall be approved by the Senate Executive Committee, kept in the Academic Senate Office, and made available to all committee members. In addition, any special task assigned to a standing committee during a particular time period shall be described in a special charge delivered to the committee's officer(s).

ii. Each standing committee of the Senate shall report to the Senate, and unless otherwise provided shall at least annually submit for the information of the Senate a report of recent activities (except that reports of a confidential nature, including activities of the Consolidated Hearing Committee as described in Policy 6-011, shall be directed only to the Senate Executive Committee).

iii. For each special committee of the Senate, a committee description and special charge approved by the Senate Executive Committee shall be kept in the Academic Senate Office, delivered to the committee's officer(s) and made available to all committee members. The special committee shall submit a report of such type and at such time as provided for in the charge.

iv. Committee reports ordinarily shall be presented on the Senate Information and Recommendations Calendar. If any report from any standing or special committee of the Senate includes a specific proposal for action to be taken by the Senate, the Executive Committee, upon determining that the proposal is ready for the
consideration of the Senate, shall place that proposal on the Senate Debate Calendar.

E. **Elections Within the Senate.**

1. **Scope.** Elections *within* the Senate include election of the President/President-elect of the Senate, election of faculty members for all standing committees of the Senate, and such other elections as may be required for any special Senate committee or other University committee. All elections shall be supervised and conducted by the Senate Personnel and Elections Committee, and shall be conducted during a regular or special meeting of the Senate, except that any particular election (other than of the Senate President/President-elect) may be conducted through electronic means (electronic mail or a secure internet site or similar means) if so recommended by the Personnel and Elections Committee and approved by the Senate Executive Committee.

2. **Nominations.**

   a. The Senate Personnel and Elections Committee shall prepare nomination slates for all elections conducted within the Senate. For each elected standing committee of the Senate or other Senate-elected committee, the Personnel and Elections Committee shall prepare a slate containing a number of nominees equal to or greater than one and one-half times the number of positions to be filled. After presenting the slate to the Senate, the Chairperson of the Personnel and Elections Committee shall open the slate to additional nominations from the floor.

   b. If the Senate is requested to make nominations or recommendations for a committee to be appointed by the University administration, the Personnel and Elections Committee shall prepare the list of nominees.

Elections within the Senate, including those for standing or special committees of the Senate, shall be conducted by the preferential balloting procedure, wherein the nominees are preferentially ranked on each ballot. Except as specified below, one balloting round per election shall be conducted, and only ballots containing rankings for a number of preferred nominees equal to or less than the number of positions to be filled shall be valid.

b. The nominees shall receive a number of points equal to the converse of their rank on a ballot. That is, the nominee who is given first preference on a ballot shall receive a number of points equal to the number of positions to be filled; the nominee who is given last preference on a ballot shall receive one point. Those nominees receiving the highest numbers of total points shall be elected.

c. In the event that two or more nominees receive the same number of points and this number of points would ordinarily constitute election, but an insufficient number of positions remains to be filled, a runoff balloting round shall be held. Only the names of those nominees receiving the same number of points for the contested position(s) in the first balloting round shall be included on any runoff ballot. Preferential balloting procedures shall be followed in the runoff balloting round.

4. Vacancies.

a. Vacancies, caused by the resignation, continued absence, or incapacitating illness of Senate-elected committee members shall be filled by the runner-ups from the original election or, if that is not possible, by special election by the Senate. Elections Committee, who shall open the slate to additional nominations from the floor. Elections shall be conducted by the preferential balloting Procedure.

b. Individuals filling vacancies shall assume office immediately after their designation, and shall serve during the incumbent’s absence or for the remainder of the incumbent’s term.

c. Immediately following their designation, the secretary of the Senate shall notify the individuals designated to fill the vacancies.

F. Meetings of the Senate.

A majority of the elected members of the Senate shall constitute a quorum for the transaction of business. All actions or recommendations of the Senate shall be by majority vote of the elected members (and alternates) present unless otherwise required herein. Voting shall be by secret ballot if requested by three elected members of the Senate.

c. When there are no Debate items scheduled for the agenda of a regular meeting of the Senate, the Executive Committee of the Senate is authorized to cancel that meeting and to carry forward all other items on
the agenda, except resignations and appointments, to the next regular meeting of the Senate.

d. Senate time should be scheduled on a regular basis for discussions with the University President and/or other officers of the University on such subjects as budget, new programs, administrative problems, etc. During these discussions it should be the prerogative of any member of the Senate to ask of the administration any question relevant to the University.

2. Special Meetings.

1. Call to Order

The business will then normally be considered at the end of the meeting, but a motion may be made to consider it at another specified time during the meeting.

H. Minutes and Agenda.

1. Minutes.

3. Electronic distribution.

If approved by the Senate Executive Committee and not objected to by a majority of the elected members of the Senate, the Senate President may during any year direct the Secretary of the Faculty to use electronic means (such as electronic mail or an internet website or similar means) to distribute any of the agenda, minutes, or summary documents required by this Policy.

I. Faculty Initiative and Review.

1. Initiative.

Any Tenure-line or Career-line University faculty members (who need not be current elected members of the Senate) may petition and secure consideration by the Senate of any appropriate matter including proposed amendments to the University Regulations. An amendment to the University Regulations or any other matter to be initiated shall be presented in writing to
the President of the Senate, who shall then give notice of the proposal to the Senate.

2. Review.

All actions of the Senate shall be subject to review by the University faculty upon written requests for an appeal made to the President of the Senate by any ten tenure-line or career-line members of the faculty. This appeal shall be made within ten days of the mailing date of the summaries of action of the Senate. The action shall be reviewed at the next regular meeting of the faculty or at a special meeting called for that purpose after all faculty members have been given two weeks’ notice of the meeting.
