

Policy 6-210: Graduate Studies and Degrees, Master of Engineering Administration

I. Purpose and Scope

(Reserved)

II. Definitions

(Reserved)

III. Policy: Requirements for the Degree of Master of Engineering Administration

Course Requirements. Requirements for the degree Master of Engineering Administration (M.E.A.) will be the completion, with at least a 3.0 average, of 45 credit hours of approved course work in engineering and allied fields and the preparation of a comprehensive engineering report (6 credit hours). A minimum of 36 credit hours must be at the University of Utah. A thesis is not required.

Supervisory Committee. Each candidate for the Master of Engineering Administration degree will have an individual supervisory committee which must approve the program of study.

Admission to Candidacy. The qualifications for admission to the Master of Engineering Administration program are the same as those of the Graduate School.
