

Policy 6-403: Residency Determination for Tuition

Purposes

I. Purpose

To establish procedures governing the determination of student residency status for tuition purposes, and provide for administrative review of such determinations.

II. Definitions

"Resident" means a person domiciled in the state of Utah, subject to the rules and standards prescribed in or pursuant to Utah Code Annotated [53B-8-102](#) (amended 1953)

"Nonresident" means a person who is not qualified for resident status pursuant to Utah Code Annotated, [53B-8-102](#), as amended, and implementing rules and regulations.

"Residency officer" means an officer, ordinarily employed in the admissions office, who has been designated by the Vice President of student affairs to make residency determinations on behalf of the university.

III. Policy

A. Initial Classification

1. All student classifications in "resident" or "nonresident" status shall be made in accordance with the standards and rules specified in Utah Code Annotated 1953, [53B-8-102](#) as amended from time to time.
2. The university's admission office will classify all student applicants as either resident or nonresident. If there is doubt concerning resident status, the applicant will ordinarily be classified as a nonresident.

B. Application for Re-Classification

1. A student classified as a nonresident shall retain that status and must pay nonresident tuition charges until the student is officially re-classified to resident status.
2. A student classified as a nonresident must make a written application to the admissions office to initiate a change to resident classification. These applications may be obtained from the admissions office.
3. Upon consideration of said application, the residency officer will notify the student applicant of the initial decision.
4. If the student's application for re-classification is denied, the student shall have the right to meet with the residency officer for the purpose of submitting additional information and having their application reviewed. The residency officer shall within a reasonable time notify the student (orally or in writing) of the final decision on the application.
