MEMORANDUM

DATE: September 12, 2017

FROM: Martha Bradley-Evans, Senior Associate Vice President, Academic Affairs

RE: Revisions to Policy 6-406

The purpose of this memorandum is to request approval for moving forward with revisions to University Policy 6-406. These revisions are being made at the recommendation of the 2017 audit conducted on the Special Student Course Fees Committee. The Audit found, among other things, that this policy had not been reviewed since its creation in 2001 and, as such, needed a review and updating.

These revisions will be completed in two phases. Phase I addresses the current problem of placing decision making responsibility for special program fees on the Special Student Course Fee Committee. This committee does not have access to the full budget context of the unit making the request nor the context of the full University budget. This policy was written when special program fees were rare and the full budget of the University was much less complex. It is fiscally unwise to ask the Special Student Course Fees to continue to make decisions that are, in fact, embedded in and impacted by larger budgetary contexts. Therefore, Phase I seeks to revise the existing policy so that the Special Student Course Fee Committee reviews special program fee requests and makes recommendations regarding those to the University Budget Committee. We hope to move forward with this request as quickly as possible so that special program fee requests can be processed more appropriately this budget year.

Phase II will take place over the remainder of the fall semester. This work will be conducted by a sub-committee of the Special Student Course Fees Committee. It will, as the audit recommends, review and update all aspects of the existing policy.

With this memorandum, we seek your approval to move Phase I of this policy revision request to the agenda of the Faculty Senate Executive Committee.
