University Rule 6-310(IDTP). Revision 3

Subject: Appointment, Reappointment and Evaluation of Lecturer Faculty and Other Non-Faculty Instructional Personnel in Qualified Interdisciplinary Teaching Programs.

Effective Date: April 3, 2017

I. Purpose and Scope

Purpose: To implement University Policy 6-310 and Policy 6-302 with respect to certain specified academic units designated here as qualified Interdisciplinary Teaching Programs. To establish a University Interdisciplinary Teaching Programs Faculty Appointments Advisory Committee. To augment Policies 6-310 and 6-302 by further specifying procedures for appointments, evaluations, and reappointments (including reappointments with promotion) of Lecturer faculty within the designated qualified Interdisciplinary Teaching Programs.

II. Definitions

The definitions provided in Policy 6-310 apply for purposes of this Rule.

III. Rule

A. Designation of Qualified Interdisciplinary Teaching Programs.

1. The academic units of the University listed in section III-A-2 are hereby designated as Qualified Interdisciplinary Teaching Programs (“QIDT Programs”), which pursuant to Policy 6-310 and this Rule have the limited authority to make appointments of faculty in the category of Lecturer for individuals whose primary responsibilities are the teaching of courses offered through such programs.
2. Qualified Interdisciplinary Teaching Programs are:

   The LEAP Program

   The Honors College (formerly known as the Honors Program)

   The Entertainment and Arts and Engineering Program

   The Environmental and Sustainability Studies Program

3. Criteria. This designation is made based on the following significant characteristics of these programs:

   Interdisciplinarity of subject matter.

   Teaching as one of the primary functions, and with established expertise in offering multiple courses (particularly including credit-bearing courses for the undergraduate curriculum) significant to the overall teaching mission of the University.

   Not administratively housed within any academic department and not otherwise authorized to make appointments of faculty of any category.

   Established internal governance structures suited to providing faculty-peer input and internal administrator input for making recommendations regarding appointments, periodic evaluations, and reappointments of Lecturer faculty candidates.

B. Establishment and functions of University Interdisciplinary Teaching Programs Faculty Appointments Advisory Committee.

1. The University Interdisciplinary Teaching Programs Faculty Appointments Advisory Committee (“UITP Committee”) is established. The membership and leadership shall be as follows:

   The Committee will be composed of nine members drawn from University faculty. Six of those shall be tenure-line (tenured/tenure-track) faculty members drawn from the faculty of the academic colleges which offer
undergraduate degrees, with no more than one of the six from any one college. The other three members shall be Career-line faculty members who are not affiliated with a QIDT program. No more than one of those three shall be from any one college. It is possible for Tenure-line members and Career-line members of the Committee to be from the same college.

For its first year of operation, the committee members shall be appointed by the President of the University, with three members appointed for a one-year term, three for a two-year term, and three for a three-year term (so that subsequent membership changes will be staggered). For subsequent years, new members shall be nominated by the Senate Personnel and Elections Committee and appointed by the President, and all new members shall be appointed for three-year terms. Vacancies due to early resignation shall be filled by nomination of the UITP Committee's chairperson with majority approval of the remaining members of the Committee, to complete the resigning member's term.

The Senior Vice President for Academic Affairs shall appoint the non-voting chairperson (ordinarily the Associate Vice President of Faculty).

2. The UITP Committee shall have the functions described in Parts III-C, D and E of approving the internal rules of each of the QIDT Programs for faculty appointments, evaluations, and reappointments, making recommendations to the Senior Vice President regarding individual appointments and reappointments of Lecturer faculty within the QIDT Programs, and approving the rules of each QIDT Program for evaluation of non-faculty instructional personnel.

C. Statements of rules with procedures, criteria, and standards for appointments, evaluations, and reappointments (including reappointments with promotion) of Lecturer faculty by QIDT Programs.
1. Each QIDT Program shall develop a Statement of rules with procedures, criteria, and standards for initial appointment, periodic evaluation, and reappointment (including reappointment with promotion) of Lecturer faculty. Such criteria and standards shall be suitable for the expected teaching role of the candidate within the overall teaching mission of the Program, and shall be consistent with the University's commitment to excellence. The Statement shall to the extent appropriate for the particular Program be consistent with the principles described in Policy 6-310 and with the guidance materials and revision schedules developed by the Senate Faculty Review Standards Committee under that Policy for Statement contents for other types of academic units (including descriptions of rights and responsibilities of Career-line faculty members).

2. Such Statements of Rules shall be approved by the primary administrator of the Program, and a committee of faculty affiliated with the Program, and shall be subject to approval by the UITP Committee.

3. The procedures described in each Statement for appointments, evaluations, and reappointments (including reappointments with promotion), shall not be inconsistent with the procedures generally described for career-line (particularly Lecturer) faculty appointments in Policy 6-302 (with adaptation for variations in structure), and may draw generally upon the principles for conducting evaluative reviews of tenure-line faculty described in Policy 6-303.

The procedures shall include the following.

a. Each Program shall establish an internal committee of faculty affiliated with the Program to serve as a Program Faculty Appointments Advisory Committee (“Program Advisory Committee”). That Program Advisory Committee, by majority vote, shall prepare a recommendation as to each candidate considered for initial appointment or reappointment (including reappointment with promotion in rank). That Committee may allow for non-voting participation in its deliberations by non-faculty personnel affiliated
with the Program (if so described in the Statement). For purposes of its deliberations, that Committee shall be provided with sufficient information about the qualifications of the candidate—including competence in teaching.

b. The primary administrator of each Program shall review the recommendation prepared by the Program Advisory Committee, and shall independently prepare a recommendation, as to each candidate considered for appointment or reappointment.

c. As appropriate for the circumstances of a particular Program, provision may be made for a recommendation to be prepared by any other administrator with oversight responsibilities for the Program.

4. The Statement of rules of each Program shall include a schedule for conducting periodic evaluations of all faculty holding Lecturer appointments in the Program pursuant to this Rule. That schedule shall include annual reviews of all Lecturers, and more thorough reviews to be conducted no less frequently than every five years for long-term Lecturers, consistent with Policy 6-310. That schedule ordinarily will coordinate the evaluation review process with the process of considering candidates for reappointment (including reappointment with promotion in rank).

D. Review and recommendations of Lecturer appointments/reappointments by the University Interdisciplinary Teaching Programs Faculty Appointments Advisory Committee.

For each candidate considered for initial appointment or reappointment (including reappointment with promotion in rank) by a QIDT Program, the recommendations from the Program Advisory Committee and the recommendation(s) from the relevant administrator(s) shall be forwarded to the UITP Committee. The UITP Committee may require all or part of the record regarding the candidate to be delivered to the Committee for its deliberations. At the request of either a QIDT
Program representative or any Committee member, the Committee shall invite a representative of the Program to meet with Committee members to discuss recommendations regarding any candidate or group of candidates. The UITP Committee by majority vote shall produce a recommendation regarding appointment or reappointment, and shall forward that recommendation, along with the recommendations from the Program and relevant administrators, to the cognizant senior vice president (for further processing as described in Policy 6-302 for all faculty appointments).

E. Evaluations of non-faculty instructional personnel.

Each QIDT Program shall develop a Statement of rules describing procedures, criteria, and standards for initial employment, reemployment, and periodic evaluations of non-faculty instructional personnel (as defined in Policy 6-310) who perform teaching activities in the Program. This Statement shall be subject to approval by the UITP Committee, and may be joined with the Program's Statement of rules regarding Lecturer faculty.

F. Guidance from the Senate Faculty Review Standards Committee.

The Senate Faculty Review Standards Committee, as primary delegee of the Academic Senate authority under Policy 6-002 and Policy 6-310, may in consultation with the cognizant vice president provide guidance for development, periodic updating, and approval of the Statements regarding Lecturer faculty (Part III-C) and the Statements regarding non-faculty instructional personnel (Part III-E) governed by this Rule, and for future revisions of this Rule.
