I. Purpose and Scope

A. Purpose.

The University serves society through the dissemination, discovery, and refinement of knowledge. In its pursuit of excellence in teaching, research, and service, the University is an institution based on the shared values of learning, equal opportunity, entrepreneurship, independent inquiry, respect for resources, collegiality, and community. Even when individual members of the University community work to accomplish these institutional objectives with these shared institutional values, individual financial conflicts of interest may naturally arise that have the potential to impair the judgment of the individuals involved in that work.

This policy establishes and describes the systems and processes through which the University identifies, evaluates, and manages financial conflicts of interest of individuals, without violating its institutional values. It uses disclosure as the key mechanism to bring potential financial conflicts of interest to light for evaluation and possible oversight. This policy also identifies types of financial conflicts of interest that are not allowed because they are a violation of law or are judged by the University to be a violation of its institutional values.

This policy establishes the Individual Conflict of Interest Committee and the position of Individual Conflict of Interest Officer to implement the policy. It is intended that the policy will be further implemented through adoption of various associated University regulations, including rules and procedures.

This policy and its associated University regulations are intended to comply with, and implement, the requirements of applicable federal regulations for federally funded Research, including Research funded through the Public Health Service, and shall be construed in accordance with such federal regulations and shall be deemed to include any requirements imposed by such federal regulations that are not otherwise expressly set forth in this policy and its associated University regulations.

B. Scope.

This policy applies to all individuals affiliated with the University who meet the definitions of Investigator or Employee, as defined here.

This policy addresses individual conflicts of interest related to the following activities in which an Investigator or Employee may participate: Research (see Rule 1-006C), Scholarly or Educational Activity (see Rule 1-006D), and Transactions (see Rule 1-006E). The identification, evaluation, resolution, and reporting of conflicts of commitment of Investigators participating in Research funded by the United States Department of Energy is addressed in Rule R1-006F. More detailed direction may be further specified through rules and other University regulations associated with this policy.

Except as provided in Rule R1-006F, which addresses conflicts of commitment of Investigators participating in Research sponsored by the United States Department of Energy, this policy is not intended to directly govern non-financial conflicts of interest that might arise during an Employee's University duties, as these types of conflicts of interest are governed by other regulations. Similarly, this policy is not intended to directly govern financial conflicts of interest of the University as an institution, which are governed by other regulations (see Policy 7-006: Institutional Financial Conflicts of Interest for Research Involving Human Subjects).

Regarding Subrecipients of Research who are Investigators (as defined by this policy), this policy includes the University's commitment to take reasonable steps to ensure that such Subrecipients comply with applicable federal regulations (see Section III.G.). As more fully described in Rule 1-006C and Rule 1-006F, by specific agreement, such Subrecipients may become obligated to comply with this policy and associated University regulations.

II. Definitions

The following definitions apply for the limited purposes of this policy and any associated regulations.

- A. “BRR Disclosure Form” means the form through which an individual Investigator or Employee provides personal financial information provided to the University (to be reviewed by the Individual Conflict of Interest Committee). The BRR Disclosure Form is submitted through the University’s online Business Relationship Reporting (“BRR”) system.
- B. “Business Entity” means a sole proprietorship, partnership, association, joint venture, corporation, firm, trust, foundation, or other organization or entity used in carrying on a trade or business, including parent organizations of such entities or any other arrangement in which an entity operates through a subsidiary. Business Entity includes a local, state, federal, or international entity and a Foreign Government-based Entity.
- C. “Compensation” means anything of economic value, however designated, which is paid, loaned, granted, given, donated, transferred, or promised to any person or Business Entity. Compensation includes a beneficial interest held by an individual on behalf of an Investigator or Employee, even if the Investigator or Employee does not receive the Compensation directly (e.g., an Employee’s or an Investigator’s friend holds an Equity Interest in a Business Entity on behalf of the Employee or Investigator).
- D. “Employee” means any individual who is employed by the University, whether full or part time and includes, but is not limited to, all of the following categories of individuals when they are employed by the University: staff, faculty members, postdoctoral fellows, medical housestaff, and educational trainees.
 - 1. “Employee” includes an unpaid faculty member.
 - 2. “Employee” includes an individual who is a student, but also employed by the University.
 - 3. An individual who meets the definition of an Investigator and also the definition of an Employee is subject to the requirements established under this policy for both such categories of personnel.

E. "Equity Interest" means any stock, stock option, or other ownership interest in a Business Entity.

F. "Family Member" -- means a spouse or domestic partner or a dependent or minor child (Domestic partner is further defined in University Rule 5-200A).

G. "Financial Relationship" means any financial interest or relationship of an Investigator or Employee (or those of an Investigator's or Employee's Family Member), whether or not the value is readily ascertainable, that reasonably appears to be related to an Investigator's or Employee's responsibilities to the University, as those responsibilities are defined by the Investigator's or Employee's department or job description.

1. "Financial Relationship" includes:

- a. employment, consulting, or any other activity resulting in payment or other Compensation;
- b. any Equity Interest, excluding ownership in mutual funds or pension funds described in Section II.G.2.b;
- c. any paid or unpaid leadership position in a Business Entity such as director, officer, partner, trustee, agent, or any position of management; and
- d. any instance in which an Investigator or Employee (or a Family Member) has, or reasonably foresees having, the right to receive Compensation as a result of licensing or other commercialization of Intellectual Property created by that Investigator or Employee (or Family Member), including the right to receive shares of revenue, royalties, or other payments generated by such commercialization (e.g., an inventor's share of royalty income under University regulations).

2. "Financial Relationship" does not include:

- a. salary, travel reimbursements, or other non-royalty Compensation from the University if that Investigator or Employee (or Family Member) is

currently employed by, appointed at, or otherwise affiliated with the University; or

- b. income from investment vehicles, such as mutual funds and retirement accounts, provided that an Investigator or Employee (or a Family Member) does not directly control the investment decisions made in those vehicles.
- H. “Foreign Government-based Entity” means a foreign government, an instrumentality of a foreign government, or any other entity owned, funded, or otherwise controlled by a foreign government.
- I. “Gift” means money, non-pecuniary gifts, excessive compensation, or non-commercial loans. “Gift” does not include occasional non-pecuniary gifts that have an insignificant monetary value, as defined by the Utah Public Officers' and Employees' Ethics Act, that would not tend to improperly influence an Employee in the discharge of the Employee's duties.
- J. “Human Subjects Research” means any Research that has been designated as “human subjects research” by the University's Institutional Review Board.
- K. “Intellectual Property” means any ideas, inventions, technology, tangible property, creative expression, or embodiments thereof, in which a proprietary interest is claimed, including, but not limited to, patents, copyrights, trademarks, know-how, biological or physical materials, artistic works, data, algorithms, software (including its component coding), designs, databases, or media.
- L. “Investigator” means an individual, regardless of whether or not an Employee, who is the project director, the principal investigator, or Senior/Key Personnel for a Research project, or any other person, regardless of title or position, who is responsible for the design, conduct, or reporting of Research conducted in whole or in part under the auspices of the University, which may include, for example, visiting scientists, collaborators, consultants, or sub-award or subcontract recipients.
 - 1. For Research sponsored by the United States Department of Energy, “Investigator” includes an individual who contributes in a substantive,

meaningful way to the design, conduct, or reporting of Research conducted in whole or in part under the auspices of the University. 2 C.F.R. Sec. 910.200 refers to “Investigator” as a Covered Individual.

- M. “Public Health Services” or “PHS” means the United States Public Health Service, which is a division of the United States Department of Health and Human Services.
- N. “Research” means a systematic investigation, study, or experiment designed to develop or contribute to generalizable knowledge. “Research” includes, but is not limited to, basic and applied research (e.g., a published article, book or book chapter) or product development (e.g., a diagnostic test or drug). “Research” also includes Research that is internally funded or unsponsored. Human Subjects Research is a specific subcategory of Research.
- O. “Scholarly or Educational Activity” means any activity involving the creation, discovery, dissemination, integration, or application of knowledge, ideas, or concepts, as well as any teaching, mentoring, or other scholarly work that promotes, facilitates, or contributes to the intellectual advancement of students or other individuals. Examples of Scholarly Activity include, but are not limited to, academic presentations and publications; creative endeavors, performances, or literary or artistic works; significant study in pursuit of scholarly expertise; or the design or improvement of a method, application, device, computer program, therapy, treatment approach, or teaching/educational model or curriculum. Examples of Educational Activity include, but are not limited to, the supervision, training, or mentoring of students, graduate students, trainees, or fellows.
- P. “Senior/Key Personnel” means the project director, principal investigator, and any other individual identified as Senior/Key personnel by the University in the grant application, approved budget, progress report, or any other report submitted to the PHS or other federal sponsor.
- Q. “Subrecipient” means an individual or entity that acts as a subcontractor, subgrantee, or subawardee for Research.

- R. “Transaction” means a formal or informal contract or agreement, express or implied, to which the University or the University of Utah Research Foundation (“UURF”) is a party. “Transaction” includes, but is not limited to, purchases (including the purchase of supplies, equipment, or services), subcontracts, sub-awards, material transfer agreements, term sheets (whether binding or non-binding), option agreements, licensing agreements, agreements for sponsored research, grants, lease agreements, etc.

III. Policy

A. Disclosure and Training Requirements

1. The system and processes established under this policy and related rules use disclosure by individuals as the key mechanism for identifying, evaluating, and, when necessary, managing individual financial conflicts of interest. To ensure such disclosure occurs appropriately, individuals are required to periodically undergo training, including training regarding disclosure procedures.
2. Disclosure Schedule.
 - a. Annual Disclosure Requirement for Certain Employees.
 - i. The following Employees are required to submit a BRR Disclosure Form upon hire and at the start of each academic year:
 - A. All faculty members, excluding emeritus faculty, visiting faculty, and adjunct faculty;
 - B. All staff employed at the manager level or above; and
 - C. All staff with purchasing authority or delegated purchasing authority, including account executives and their delegates, staff authorized to use an institutional credit card (e.g., Purchasing Card or PCard), and staff authorized to make purchases through UShop.

- b. Event-Based Disclosure Requirement for Employees Who Participate in Certain Activities.
 - i. Each Investigator and each Employee is required to submit a BRR Disclosure Form and receive approval from the Individual Conflict of Interest Committee prior to engaging in the following activities:
 - A. Research;
 - B. Scholarly or Educational Activity; or
 - C. Transactions.
- c. Requirement to update BRR Disclosure Form.
 - i. Once an Investigator or Employee submits a BRR Disclosure Form as required in this section, Section III.A., the individual is required to update that BRR Disclosure Form:
 - A. at least annually;
 - B. as soon as practicable but no later than 30 calendar days (or sooner if required by a Research sponsor) of generating, discovering, or acquiring (e.g., through purchase, marriage, inheritance, or any other mechanism) a new Financial Relationship; and
 - C. no later than at the time of application for Research funding.
- 3. BRR Disclosure Form Contents (Relevant Information).
 - a. As provided for in the University's approved BRR Disclosure Form instructions, when an Investigator or Employee submits a BRR Disclosure Form as required by Section III.A.1., the individual is required to disclose all Financial Relationships that are reasonably related to the individual's responsibilities to the University, as those responsibilities are defined by the individual's department or job description. If the Investigator or Employee has no such Financial Relationships, the Investigator or

Employee is required to submit a BRR Disclosure Form and certify that the individual has nothing to disclose.

- b. In addition to disclosing Financial Relationships, each Investigator who participates in Research funded by the Public Health Service or the United States Department of Energy is required to disclose the occurrence of any reimbursed or sponsored travel (i.e., that which is paid on behalf of the Investigator and not reimbursed to the Investigator so that the exact monetary value may not be readily available) that is related to the Investigator's responsibilities to the University (or to the Investigator's responsibility to the Investigator's employer or profession if the Investigator is not an employee of the University).
 - i. An investigator who participates in Research funded by the Public Health Service shall disclose reimbursed or sponsored travel unless the travel is reimbursed or sponsored by the following entities within the United States:
 - A. a federal, state, or local government agency;
 - B. an institution of higher education as defined at 20 U.S.C. § 1001(a);
 - C. an academic teaching hospital;
 - D. a medical center; or
 - E. a research institute that is affiliated with an institution of higher education within the United States.
 - ii. An investigator who participates in Research funded by the Department of Energy shall disclose reimbursed or sponsored travel unless the travel is reimbursed or sponsored by the following entities within the United States:
 - A. a federal, state, or local government agency;

- B. an institution of higher education as defined at 20 U.S.C. § 1000 (a); or
 - C. a domestic research institute that is affiliated with an institution of higher education within the United States.
 - iii. An Investigator who participates in Research funded by a federal sponsor other than the Public Health Service or the Department of Energy shall disclose reimbursed or sponsored travel as required by the federal sponsor.
 - iv. Each Investigator who is required to disclose reimbursed or sponsored travel under this section, Section III.A.2.b., shall disclose, at a minimum, the purpose of the travel, the identity of the sponsor/organizer, the destination, and the duration.
 - c. A BRR Disclosure Form submitted by an Investigator on, or applicant for, a United States Department of Energy grant must be signed and dated by the discloser and include the certification statement in 2 C.F.R Sec. 910.2 Appendix A.
 - d. State or federal law or other University regulations may require individuals to disclose certain financial and other relationships that are not covered by this policy. It is the responsibility of each Investigator and each Employee to comply with all such laws or regulations.
4. Training.
- a. Each Investigator and each Employee who is required to submit a BRR Disclosure Form under Section III.A.1. is also required to complete a financial conflict of interest training that is provided by the University. Such training will address the requirements of this policy and associated University regulations, and the requirements of federal regulations regarding conflicts of interest and promoting objectivity in Research. Note that each Investigator has obligations under other University regulations

and federal regulations related to Research that are not addressed by the financial conflict of interest training, and each Investigator shall be familiar with and comply with those obligations.

b. An Investigator or an Employee is required to complete the training described in Section III.A.4.a:

i. immediately upon hire by the University;

ii. at least every two years thereafter; and

iii. immediately if:

A. the University revises this policy or its associated regulations in any manner that materially affects the requirements of Investigators; or

B. the Individual Conflict of Interest Committee determines that an Investigator or Employee is not in compliance with this policy (or its associated regulations) or the Investigator's or Employee's management plan.

B. Individual Conflict of Interest Committee

1. The Individual Conflict of Interest Committee (Committee) is hereby established as a University standing committee. The voting members shall be nominated by the Personnel and Elections Committee of the Academic Senate and appointed by the President of the University to serve for three (3) year terms. A majority of the voting members shall be University tenure-line or career-line faculty members. The Committee shall be an institution-wide committee with broad representation throughout the University. The President shall also appoint non-voting ex-officio participants from relevant administrative offices. Further details of the membership structure may be specified in a University rule associated with this policy (see Rule 1-006A: Individual Conflict of Interest Committee Membership Rule).

2. The Committee shall:

- a. provide education and training to members of the University community about financial conflicts of interest and how they can be effectively managed, reduced, or eliminated;
 - b. review the information submitted by Investigators and Employees as required under this policy, including completed BRR Disclosure Forms; and
 - c. determine whether a Financial Relationship of an individual that has been (or should have been) disclosed is a financial conflict of interest; and, if so, determine if and how a financial conflict of interest can be managed, reduced, or eliminated to protect the Investigator or Employee, the interests of the University, University subordinates, Research participants, and the public.
3. The University shall establish a Conflict of Interest Office (Office), employ a Conflict of Interest Officer and such other staff as needed, and allocate adequate resources to support the duties of the Individual Conflict of Interest Committee and the implementation of this policy.
4. The Committee and Committee members shall act without bias in administering this policy and associated regulations.
- C. Conflict of Interest Office and Committee Responsibilities.
 1. The Conflict of Interest Office, on behalf of the Individual Conflict of Interest Committee, shall initially screen each individual case (as presented through a submitted BRR Disclosure Form) to determine whether a Financial Relationship exists that requires the review of the Committee. The Office shall notify the Investigator or Employee, as well as the Investigator's or Employee's department chair or supervisor, when the Office refers a potential conflict of interest to the Committee for review.
 2. For each case referred to it, the Individual Conflict of Interest Committee shall consult with the Investigator or Employee as appropriate and determine

whether a Financial Relationship creates a financial conflict of interest. If the Committee determines that a financial conflict of interest exists, the Committee shall determine how the financial conflict of interest can be managed, reduced, or eliminated.

3. The Conflict of Interest Office shall transmit the decision of the Individual Conflict of Interest Committee to the Investigator or Employee, the Investigator's or Employee's University superiors, and appropriate offices within the University.
4. The Individual Conflict of Interest Committee is primarily responsible for monitoring and ensuring compliance with an approved plan to manage, reduce, or eliminate a financial conflict of interest. In most circumstances, this will include requiring the Investigator or Employee to submit compliance reports at intervals specified by the Committee in the management plan. When a plan requires specific expertise beyond that of the Office or the Committee members, the Committee may enlist qualified experts to assist with monitoring compliance as needed.
5. The University shall adhere to Research sponsor requirements and state and federal law for reporting of disclosure and management, reduction, or elimination of conflicts of interest.

D. Appeals.

1. Any decision of the Individual Conflict of Interest Committee concerning the existence of a conflict of interest or the appropriateness of a plan to manage, reduce, or eliminate a conflict may be appealed within 30 calendar days to a panel that includes the Executive Vice President for Academic Affairs, the Executive Vice President for Health Sciences, and the Vice President for Research. The decision of the panel is final.

E. Confidentiality and Internal and External Dissemination of Information Regarding Conflicts.

1. This policy and its associated University regulations will be publicly available on the University's website (currently at <https://regulations.utah.edu/>).
2. The information disclosed for a case under this policy (including contents of any BRR Disclosure Form), the written descriptions of the Individual Conflict of Interest Committee's determinations in a case concerning any conflicts or any violations/non-compliance, and the final report of a decision on an appeal to the panel (described in Section III.D.) of a decision regarding a policy violation/non-compliance (described in Section III.F.) shall be disseminated (or as appropriate, made available) internally within the University to:
 - a. the Investigator's or Employee's University superiors;
 - b. the appropriate University offices, including, but not limited to, the following offices (or equivalents): Office of the Vice President for Research; Office of General Counsel; Internal Audit; Institutional Review Board; Office of Sponsored Projects; Technology Licensing Office; Procurement & Contracting Services; Graduate School; and
 - c. other Employees whose responsibilities to the University are directly affected by the conflict of interest.
3. The University shall adhere to Research sponsor requirements and state and federal law for reporting of disclosures.
4. In certain circumstances, federal or state law may require public dissemination of information relating to an identified conflict of interest.
5. In certain circumstances, including, but not limited to, conflicts regarding Human Subjects Research, the University may require public dissemination of information as part of a conflict of interest management plan.
6. Except for the dissemination of information described in this policy and related regulations, the Individual Conflict of Interest Committee and other individuals within the University who have direct responsibility for reviewing

potential conflicts or investigating potential violations of this policy, including non-compliance with conflict of interest management plans, shall treat the information received and considered during these processes as confidential information.

7. Any information disclosed by an Investigator or Employee as required by this policy shall be used solely for the purpose of administering this policy and may not be used for any other purpose unless required by law.
8. An Employee who violates Section III.E.6. or Section III.E.7. shall be deemed to have engaged in unethical behavior, which is punishable under pertinent University regulations, including Policy 5-111: Corrective Action and Termination Policy for Staff Employees or Policy 6-316: Code of Faculty Rights and Responsibilities.

F. Violations/Non-Compliance.

1. Reporting Violations or Management Plan Non-Compliance.
 - a. A potential violation of this policy, including a potential failure to comply with any approved conflict of interest management plan adopted under the authority of this policy, must be reported to the University's Conflict of Interest Officer.
2. Investigation of Violations or Management Plan Non-Compliance.
 - a. The Individual Conflict of Interest Committee shall investigate any potential violation of this policy, including any potential failure to comply with an approved conflict of interest management plan.
3. Protection of Affected Parties.
 - a. To the extent permitted by law and University regulations, the University will protect the identity and privacy of any individual who, in good faith, reports or furnishes relevant information for an investigation of a potential violation of this policy, including potential non-compliance with a conflict of interest management plan. Retaliation of any kind against any such

individual is prohibited, and the retaliator may be subject to discipline under pertinent University regulations.

4. Restrictions That May Be Imposed by the Individual Conflict of Interest Committee.

a. For a violation of this policy, including failure to comply with an approved conflict of interest management plan, the Individual Conflict of Interest Committee may impose one or more of the following restrictions on an individual:

- i. Freeze Research funds, or otherwise suspend, a project or projects related to the policy violation/non-compliance;
- ii. Remove the individual found to be in violation from a role as Investigator on a project(s) related to the policy violation/non-compliance;
- iii. Prohibit submission of new applications to the Institutional Review Board or to the Office of Sponsored Projects until resolution of the relevant conflict of interest issues or for a specified period of time; or
- iv. Other restrictions as may be deemed appropriate by the Committee.

b. The individual Investigator or Employee may appeal the restrictions imposed by the Committee to a panel that shall include the Executive Vice President for Academic Affairs, the Executive Vice President for Health Sciences, and the Vice President for Research. The decision of the panel shall be final.

c. In a situation involving the health or safety of any person or the potential loss of significant University resources, the Committee may implement any restrictions listed in Section III.F.4.a that are necessary to protect these persons and resources pending the outcome of the investigation. Otherwise, no restrictions, disciplinary, or administrative action shall occur

until the conclusion of the violation evaluation process set forth in this policy.

5. Disciplinary and Other Administrative Actions.

a. For a violation of this policy, including failure to comply with an approved conflict of interest management plan, the Individual Conflict of Interest Committee may recommend to the cognizant vice president(s) that disciplinary action be taken against the individual (including, but not restricted to, reprimands, fines, probation, suspension, or dismissal). The Committee may proceed with a complaint against the Investigator or Employee before the appropriate University hearing body.

b. Other Administrative Actions.

i. For a violation of this policy, including failure to comply with an approved conflict of interest management plan, the Individual Conflict of Interest Committee may recommend to the cognizant vice president(s) that one or more of the following administrative actions be taken:

- A. withholding payment owed under a procurement contract relating to the conflict;
- B. legal action to rescind or revise University contracts entered into or found to be in violation of this policy or of federal or state law;
- C. legal action to recover the amount of financial benefit received by an Investigator or Employee as a result of the Investigator's or Employee's violation of this policy; or
- D. Other similar and appropriate actions.

6. Violations of Utah Code Title 67, Chapter 16, Utah Public Officers' and Employees' Ethics Act may result in prosecution and criminal penalties pursuant to that Act.

7. The remedies provided or referenced above are cumulative and may include any other remedies required or provided by applicable state or federal law.
8. The Office of the Associate Vice President for Research Integrity and Compliance shall report incidents of violations of or non-compliance with this policy to external agencies and sponsors as required by state and federal law.

G. Applicability to Subrecipients

1. With respect to a Research project that involves Subrecipients, the University will take reasonable steps to ensure that each Subrecipient complies with applicable federal regulations, and with the relevant portions of this policy and associated University regulations.

H. Other Conflict of Interest Policies and Procedures.

1. University Institutional Conflict of Interest Policy.
 - a. In situations in which both an individual and an institutional conflict of interest may exist, Investigators and Employees are required to comply with the requirements of this policy and also with the requirements of Policy 7-006.
 - b. The Individual Conflict of Interest Committee and the University Institutional Conflict of Interest Officer shall consult on cases of overlapping oversight to determine the appropriate plan to manage, reduce, or eliminate both the individual and the institutional conflicts.
2. Supplemental Rules Regarding Conflicts of Interest.
 - a. Any unit within the University may elect to adopt a supplemental rule (as described in Policy 1-001) applicable for conflicts of interest arising within that unit. Any supplemental rule shall operate in conjunction with this policy, provided that such supplemental rule shall aid in the implementation of and may conflict with the terms of this policy. A

supplemental rule proposed by any unit of the University shall be submitted for the approval of the Individual Conflict of Interest Committee.

Sections IV- VII are for user information and are not subject to the approval of the Academic Senate or the Board of Trustees. The Institutional Policy Committee, the Policy Owner, or the Policy Officer may update these sections at any time.

IV. Policies/ Rules, Procedures, Guidelines, Forms and other Related Resources

A. Policies/ Rules.

1. Rule 1-006A: Individual Conflict of Interest Committee Membership Rule
2. Rule 1-006B: Individual Financial Conflict of Interest Non-Compliance
3. Interim Rule 1-006C: Individual Financial Conflict of Interest in Research
4. Rule 1-006D: Individual Financial Conflict of Interest in Scholarly or Educational Activity
5. Rule 1-006E: Individual Financial Conflict of Interest in Transactions
6. Interim Rule 1-006F: US Department of Energy Investigator Conflict of Commitment Requirements

B. Procedures, Guidelines, and Forms

1. Procedure 1-006A: Reviewing Individual Conflict of Interest BRR Disclosure Forms
2. Procedure 1-006B: Conflict of Interest Office Procedures Related to Requirements for Federally Funded Research
3. Guideline G1-006A: Determining “Relatedness” to Research
